REPORT OF THE SUBCOMMITTEE

SPECIAL PROJECTS

Members of the Committee:

This Committee recognizes the value of historic and cultural organizations to the Commonwealth. The investment of state funds in these organizations is a sound move to bolster economic development, preserve our cultural heritage, and provide educational opportunities in Virginia.

The last year historic and cultural organizations received state funding was fiscal year 2001 when these agencies received \$36.0 million. In the current year, despite our best efforts, no funding was provided. No other area of the budget has suffered a 100 percent reduction in funding.

While we cannot afford to give these worthwhile organizations any funding in the current year, we cannot in good conscience allow them to continue to suffer a 100 percent reduction. Consequently, the Special Projects Subcommittee recommends providing \$11.0 million the first year and \$12.7 million the second year for these organizations. While this is a substantial reduction compared to \$36.0 million a year, it is the best we are able to do under the budget constraints we face.

On behalf of the members of the Subcommittee, I ask the Committee to adopt our recommendations.
