Upon recommendation by the State Council of Higher Education for Virginia or at their discretion, the Chairmen of the House Appropriations and Senate Finance Committees may convene a special joint subcommittee of their members to review proposed changes to the funding guidelines first adopted by the Joint Subcommittee Studying Higher Education Funding Policies in November 2001, and subsequently amended in 2003 and 2004. Any proposed changes to the funding guidelines should be consistent with the intent to maintain higher education funding policies and formulas that assess the relative needs of Virginia's public colleges and universities requests for additional funding. These policies and guidelines, as currently implemented and as may be revised, shall (a) recognize differences in institutional mission; (b) provide incentives for achievement and productivity; (c) recognize the growing demand to provide higher education opportunities for Virginia students; and (d) establish funding objectives in areas such as faculty salaries, financial aid, and the appropriate share of educational and general costs that should be borne by resident students.

2. As part of its responsibilities to ensure the fair and equitable distribution and use of public funds among the public institutions of higher education, the State Council of Higher Education shall incorporate the funding guidelines established and amended by the Joint Subcommittee into its budget recommendations to the Governor and the General Assembly. The State Council shall also include recommendations on updating the funding guidelines over time to reflect changes in national data for peer institutions, faculty compensation, the mix of part-time and full-time faculty, staffing patterns, nonpersonal service costs, and other variables, as appropriate."

Authority: Title, Chapter, Article , Code of Virginia.

A.1. The amounts provided in the subprogram Administrative and Support Services shall be expended for the Enterprise Applications Public-Private Partnership Project Office. The Project Office shall be headed by a Director, selected by the Governor to serve under a six-year contract. The Project Office Director shall be a state employee however his position shall not be considered an agency head for purposes of 4-6.00 of this act. The Information Technology Investment Board shall review and approve the Director's qualifications prior to finalizing the contract. The Director shall report

directly to the Governor.

2. The Project Office Director shall have all the powers necessary to direct the Commonwealth's efforts to modernize central administrative systems through the Enterprise Applications Public-Private Partnership. Specifically, the Director shall: (a) have authority to hire staff necessary to support the Project Office and such employees shall be considered state employees except such positions shall be restricted to the life of the partnership project. (b) develop an implementation strategy with milestones, deliverables and funding requirements for presentation and approval of the Information Technology Investment Board and Governor, (c) plan, coordinate, monitor and control individual agency involvement, (d) prioritize efforts to ensure the implementation strategy is executed as planned and approved, (e) monitor development efforts and provide reports to the Governor, the Information Technology Investment Board, and the Chairmen of the House Appropriations and Senate Finance Committees, as requested.

3.a. All Executive Department agencies and institutions shall comply with the directives and requirements established by the Director.

b. The Project Office Director shall report unacceptable agency cooperation to the affected Cabinet Secretary and to the Governor's Chief of Staff, and Chairmen of the House Appropriations and Senate Finance Committees. The Chief of Staff may direct the Project Office to assume responsibility for the management of an agency's enterprise applications related work for the period of time considered necessary by the Project Office Director.

c. For agencies whose enterprise applications management efforts are the responsibility of the Project Office, the Project Office shall have responsibility for operational decisions relative to the enterprise applications efforts.

4. Legislative, Judicial, Independent agencies, and institutions of higher education shall work cooperatively with the Project Office Director to ensure the successful completion of the Enterprise Applications Public-Private Partnership activities.

5. The Director shall make reports no less than quarterly as follows: (i) to the Governor and Chairmen of the House Appropriations and Senate Finance Committees on major aspects of the Partnership, including status of funding needs, areas of risk, and major problems and implications, (ii) to the Information Technology Investment Board that compare actual performance to the milestones, deliverables and funding in

the approved implementation strategy.

B. The amounts provided in the subprogram Enterprise Architecture Development Services shall be expended to support the Enterprise Applications Master Services Interim Agreement between the Commonwealth of Virginia and CGI-AMS, pending approval of the comprehensive agreement by the Information Technology Investment Board, to perform the following activities: (1) for each business process (a) document the system requirements, recommended solutions, and an implementation plan for review and approval by the Governor and the Information Technology Investment Board, (b) identify existing policy and statutory conflicts that are impediments to the recommended solution and a plan for managing those conflicts, and also (2) work towards enhanced collections and cost recoveries above current baselines through specific management agreements with involved agencies with the appropriate approval of the Attorney General. Work on enhanced collections and recoveries shall not proceed if they commit the Commonwealth to expanding or significantly altering any existing federal or state program without the review and approval of the Governor and General Assembly.

C. The amounts appropriated in this Item shall be held in the Virginia Technology Infrastructure Fund as established by § 2.2-2023 of the Code of Virginia and shall only be available for the purpose of this Item after approval of their use by the Information Technology Investment Board.

1. The Project Office Director shall prepare a budget of administrative cost for the Information Technology Investment Board to review and consider providing such amount does not exceed the amount appropriated in this Item. The Information Technology Investment Board shall review and approve the budget and therefore release the funds for such use. The Project Office Director shall prepare and submit quarterly reports to the Information Technology Investment Board of how the Project Office Director is spending these funds. No funds may be expended for this project except as specifically appropriated in this Item.

2. Within subprogram Enterprise Architecture Development Services the Project Office Director shall prepare and submit a budget for each business process and other activities in accordance with paragraph B of this Item. The budget shall include the amount, if any, of salary and other costs that participating agencies will incur for their involvement in the business process and activity as set forth in paragraph A.2. The Information Technology Investment Board shall review and approve the budget for each business process and other activity and therefore release the funds for such use.

The Project Office Director shall prepare and submit quarterly reports to the Information Technology Investment Board of how the Project Office Director is spending these funds.

D. Moneys resulting from enhanced collections and cost recoveries pursuant to paragraph B.2. of this Item shall be held in the Virginia Technology Infrastructure Fund as established by § 2.2-2023 of the Code of Virginia. Except for amounts appropriated and held in the Fund as described in paragraph C of this Item, no moneys shall be used for additional work on Enterprise Applications Public Private Partnership activities without the approval of the Information Technology Investment Board, who shall inform the Governor, the Chairmen of House Appropriation, House Finance and Senate Finance Committees of the anticipated use. The Information Technology Investment Board shall inform any vendor that these additional funds are subject to review and approval by the General Assembly.

E. The Department of Planning and Budget shall not take any administrative actions to reduce these amounts without notification to the Chairmen of House Appropriation and Senate Finance Committees.

F. No funds shall be used from this Item to pay any costs incurred before July 1, 2006 related to the Enterprise Applications Master Services Agreement dated December 30, 2005.

**Explanation:**

(This amendment provides funds to increase staff for veterans' services, update benefit field offices, and implement a new financial management system. Additional benefit services staff is needed in the benefit field offices to develop disability claims for Virginia's veterans. Additional benefit services staff is also needed to develop appeals for those disability claims initially denied by the U.S. Department of Veterans Affairs. Many benefit field offices have furniture and fixtures that are no longer adequate to serve Virginia's veterans. Renovating the benefit field offices will significantly improve overall functionality and will better serve veterans. The department's present accounting system is outdated and cumbersome. Implementing a new financial management system will allow for significantly improved management of financial resources, and will provide the operational flexibility and expandability to meet the needs of a growing agency with diverse operations.)

"The Commissioner, Department of Veterans Services, shall commission a study, not to exceed \$50,000 in cost, to examine the need for and cost of additional veterans cemeteries in the Commonwealth of Virginia. The scope of the study shall encompass Virginia's state-owned veterans cemeteries, and national veterans cemeteries that currently exist in or may be constructed in the Commonwealth of Virginia. The study shall (i) examine the current services provided by either state and national veterans cemeteries in the Commonwealth of Virginia; (ii) identify situations where the

cemetery needs of Virginia's veterans are not presently met by a state or national veterans cemetery; (iii) recommend how Virginia and the federal government can improve the cemetery services provided to Virginia's veterans and identify the related costs of such services; and (iv) recommend whether Virginia should acquire property for additional veterans cemeteries and identify the related costs of additional cemeteries. The Commissioner shall report the results of the study to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than November 1, 2006."

**Explanation:**

(This amendment authorizes implementation of a study to determine Virginia's needs for new cemeteries for veterans. The study will review current services provided by state and national veterans cemeteries in Virginia, identify needs that are not presently met, recommend how to improve the cemetery services, identify the related costs and methods of acquiring, and recommend whether Virginia should acquire additional property.)

"G.1. The Commissioner shall work in concert with the Virginia Liaison Office and with the members of the State Congressional Delegation and federal executive branch agencies to increase the amount of Federal Unemployment Tax Act (FUTA) revenue distributed by the U.S. Department of Labor to the Virginia Employment Commission for administration of the Commonwealth's unemployment insurance program, from its fiscal year 2004 level of \$63.2 million, which represents 32.8 percent of the \$192.8 million in FUTA taxes paid by Virginia's employers, to an amount not less than 50 percent of the amount of FUTA taxes paid by Virginia's employers.

2. The Office shall submit a report to the Governor and the chairs of the Senate Committee on Commerce and Labor, the Senate Committee on Finance, the House Committee on Labor and Commerce, and the House Committee on Appropriations by December 1, 2006, that summarizes the activities by the Commission and the Virginia

Liaison Office in furtherance of the above subsection."

**Explanation:**

(This amendment directs the Virginia Employment Commission and Virginia Liaison Office to work with Virginia's Congressional Delegation to seek additional administrative dollars for the unemployment insurance program from taxes paid by Virginia employers. In FY 2004, less than 1/3 of the FUTA taxes paid by Virginia employers returned to the Commonwealth. The target is to achieve at least 50 percent of the FUTA taxes returned to Virginia.)

For Fredericksburg and Spotsylvania, SOQ payments have been increased by 10 percent the second year of the COCA rates paid to school divisions in Planning District 8."

**Explanation:**

(This amendment adds \$1.1 million to extend the cost of competing adjustment to Fredericksburg and Spotsylvania at 10 percent of the full amount the second year. The introduced budget included funding to extend the COCA to Stafford and Fauquier at 10 percent of the full amount the first year and 25 percent the second year. Currently, a cost of competing adjustment of 9.83 percent for instructional positions and 24.61 percent for support positions is provided for the nine Northern Virginia localities that comprise Planning District 8. From 1971 through 1990, Planning District 8 and the Virginia localities in the Washington DC Metropolitan Statistical Area were identical. In 1990, Stafford was added to the MSA. "In recalculating the cost of the Standards of Quality effective with the 2008-2010 biennial rebenchmarking, the Department of Education shall include visually impaired students in the calculation consistent with the caseloads for other special education categories."

**Explanation:**

(This amendment directs the Department of Education to include visually impaired students in the Standards of Quality calculation consistent with the caseload standards for other disability categories in the next biennial rebenchmarking. Currently, funding for visually impaired caseloads is based on available funding in the Department of Blind and Vision Impaired, so there would be an offsetting savings in that agency. This action would fund visually impaired caseloads in a manner consistent with other special education categories and thus reduce the caseloads for teachers of visually impaired students. The net cost for 2006-08 was estimated to be about \$2.5 million per year.)

"I.1. The State Council of Higher Education for Virginia, in consultation with the Healthcare Workforce Task Force described in paragraph 2 of this Item shall develop and recommend criteria for awarding additional state funds through a competitive grant process to innovative regional public-private sector partnerships that seek to maximize the number of newly licensed nurses and increase the supply of graduate nursing faculty.

2. The Healthcare Workforce Task Force will develop criteria for the grant award process, identify aggressive attainment goals, establish mechanisms to monitor results and recommend program scope for the State Council and policy makers to consider. The Task Force will be co-chaired by the Secretaries of Education and Health and Human Resources and will also include two members of the Senate appointed by the President pro tempore and three members of the House of Delegates appointed by the Speaker of the House of Delegates.

b) In addition, the Task Force will include six individuals appointed by the co-chairs with experience and knowledge of the supply of nurses and other allied health professionals, training and practice issues as follows: two higher education leaders, two business leaders (one of whom also serves on the Virginia Workforce Council) and two hospital or health system executives.

3. The criteria developed by the Task Force for reviewing potential grant applications will reward: i) regions that demonstrate partnerships between education institutions and health care employers for addressing the registered nursing shortage; ii) applicants that document past, current, and new matching private funds applied toward registered nurse education (to leverage potential public funds); iii) innovative and cost-effective plans that expand the output of registered nurses (*e.g.*, standardized curricula, improved retention rates and improved pass rates on licensure exams); and iv)

partnerships that demonstrate a desire and capability to be held accountable for results. The Council and Healthcare Workforce Task Force shall submit a report on the healthcare workforce competitive grant program scope, criteria and structure to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees by September 1, 2006."

**Explanation:**

Authority: Discretionary Inclusion.

1.a. Out of this appropriation, \$22,540,682 the first year and \$22,048,752 the second year from the general fund is provided for the first two years of seed money intended to strengthen leading research programs in the areas of biomedical research, biomaterials engineering, and modeling and simulation at public institutions of higher education in Virginia. It is the intent of the General Assembly that general fund support be provided for a three-year period during which time institutions shall attract federal, private, and other nongeneral fund grants to support long-term development in

these areas.

1.b. Nongeneral fund amounts included in this Item represent the institutions' minimum contributions towards enhancing their research programs during this biennium. These ongoing amounts shall be invested in support of research programs including but not limited to those identified in this Item.

1.c. The Director, Department of Planning and Budget, shall transfer amounts for this purpose to the institutions of higher education as specified below.

2. a. Out of this appropriation, \$8,000,000 the first year from the general fund and \$8,000,000 the first year from nongeneral funds is designated for the Commonwealth Technology Research Fund pursuant to §2.2-2233.1., Code of Virginia. These funds shall be used primarily for component (iv) of the Fund, to enhance the capability of institutions of higher education to commercialize technologies developed through their research.

2.b. Specifically, these funds shall support collaborative, translational research aimed at commercialization of discoveries, including pre-investment funding to support prototyping and proof-of-concept testing. Awards from the Fund shall be matched on at least a dollar-for-dollar basis by the respective institutions of higher education with institutional funds, private funds, local funds or combinations thereof. The Governor is authorized to expend up to \$3,000,000 the first year from the general fund to provide an incentive for the location of a research-related entity along the Interstate 81 corridor.

5. General fund balances from this Item remaining in the institutions or agencies on June 30, 2006 shall be reappropriated on July 1, 2007.

6.a. Beginning October 1, 2007, each institution receiving funds under this Item shall report annually to the Secretary of Education and the Chairmen of the House

Appropriations and Senate Finance Committees on how general fund appropriations were spent the prior fiscal year and how funds will be spent for the upcoming fiscal year.

b. These reports shall include, but need not be limited to: 1) the number of junior and senior faculty recruited in each field, 2) the amount of federal or other grant funds received as the result of those recruitments, 3) additional grants or contracts being pursued, 4) the level of instructional activity conducted by these faculty, 5) the impact of research activities on undergraduate instruction, 6) the use of graduate student aid funds, and 7) the expansion of collaborative efforts with other institutions of higher education, government entities, or private business and industry.

c. The State Council of Higher Education for Virginia shall review these reports, and work collaboratively with the institutions to identify the Commonwealth's short-term return on this investment as well as anticipated long-term prospects. Upon recommendation by the Governor in the next biennial budget and upon approval by the General Assembly, those institutions demonstrating a positive return on the Commonwealth's investment shall be eligible to receive interest earnings on sponsored programs and indirect cost recovery balances, which currently accrue to the general fund.

**Explanation:**

(This amendment provides \$40.1 million the first year and \$36.4 million the second year from the general fund for the first two-years of a three-year higher education research initiative.)

"A.1. That portion of the FY 2006 Revenue Stabilization Fund deposit attributable to FY 2005 tax collections in excess of the minimum deposit certified by the Auditor of Public Accounts on October 27, 2005, less any transfer from the Fund to the general fund in FY 2006 pursuant to § 2.2-1829, Code of Virginia, shall be considered to be an advance payment of any required deposit to the Revenue Stabilization Fund attributable to actual tax collections for FY 2006.

2. Out of this appropriation, \$154,800,000 the second year from the general fund attributable to estimated tax collections for FY 2006 shall be paid into the Revenue Stabilization Fund pursuant to § 2.2-1829, Code of Virginia, by the State Comptroller on or before June 30, 2008, based on the certification of the Auditor of Public Accounts of actual tax revenues for FY 2006. The appropriation amount is based on the official revenue estimate contained in HB 5012 of 2006 Special Session I, plus \$192,000,000 of income and sales tax revenues anticipated for fiscal year 2006 subsequent to passage of HB 5012, included in the Additions to Balance contained in this Act.

3. The appropriation provided in subparagraph A.2., in addition to any advance payment made in FY 2006, meets the mandatory deposit requirement associated with FY 2006 tax collections required under § 2.2-1829, Code of Virginia.

B. On or before November 1 of each year, the Auditor of Public Accounts shall report to the General Assembly the certified tax revenues collected in the most recently ended fiscal year. The Auditor shall, at the same time, provide his report on (i) the 10 percent limitation and the amount that could be paid into the Fund and (ii) any amounts necessary for deposit into the Fund in order to satisfy the mandatory deposit

requirement of Article X, Section 8 of the Constitution of Virginia, as well as any additional deposit requirement of § 2.2-1829, Code of Virginia."

**Explanation:**

(This amendment provides the second year Revenue Stabilization Fund deposit based on Fiscal Year 2006 estimated revenue collections.)

G. Under the authority of this act, an agency may transfer funds to the Treasury Board for use as lease, rental, or debt service payments to be used for any type of financing where the proceeds are used to acquire equipment and to finance associated costs, including but not limited to issuance and other financing costs. In the event such transfers occur, the transfers shall be deemed an appropriation to the Treasury Board for the purpose of making the lease, rental, or debt service payments described herein.

**Explanation:**

(This amendment revises the text set out in the introduced budget for the Treasury Board to make the text and tables more closely align with the appropriated amounts. This amendment is technical in nature and does not impact the level of general or nongeneral funds provided for debt service in the bill.)

The campaign may incorporate national efforts to educate and inform citizens of the importance of long-term care planning. The Secretary and the Commissioner may seek the assistance of the private sector in the development and execution of this campaign."

**Explanation:**

(This amendment allows for the creation and execution of a long-term care awareness campaign to be administered either by the Commonwealth or in conjunction with a federally sponsored long-term care awareness campaign. Virginia launched a long-term care awareness campaign in FY 2005 in conjunction with a federally-sponsored campaign as a pilot project with one-time funding.)

**Explanation:**

(This amendment eliminates unnecessary language citing Code of Virginia provisions for distributing the \$4-for-Life funding for emergency medical services. New statutory language was passed by the 2004 General Assembly which realigned the funding formula guiding the distribution of the \$4-for-Life funding. However, the new distribution formula was contingent upon receipt of the full amount of \$4-for-Life funding which will occur beginning July 1, 2007. The implementation of the new formula makes the current language in the budget related to this distribution obsolete. In addition, language is added to clarify that funding provided to the Department of State Police for med-flight operations will be provided from the Rescue Squad Assistance Fund, thereby ensuring that the new funding formula adopted for \$4-for-Life will be effective on July 1, 2007.)

(This amendment provides funding for the Office of the Chief Medical Examiner's Central District office to hire three medical death investigators to provide coverage 24 hours per day, 7 days a week for receiving and screening death investigation calls from local medical examiners and law enforcement officers. The additional positions will restore full accreditation of the Office by the National Association of Medical Examiners. The Office is on probation for staffing deficiencies. The Office of the Chief Medical Examiner lost medical death investigator positions during the budget reductions in the 2002-04 biennium. Funding had been approved during the 1998 General Assembly Session for the additional staff, based on recommendations of the Crime Commission in its 1998 "Report on the Need for a Lay Medical Investigator System", to address the shortage of local medical examiners across the state. Loss of these positions has resulted in case delays, complaints from law enforcement, and stress on staff from the lack of backup personnel to cover during vacations and illnesses.)

(This amendment provides funding to increase the income eligibility limit for the FAMIS Moms program from 150 to 175 percent of the federal poverty level. This allows the mothers of FAMIS-eligible newborns to access prenatal care which may improve birth outcomes and reduce perinatal costs. The amendment also includes language that clarifies that the FAMIS Moms program may provide coverage to lower income pregnant women who do not qualify for Medicaid for non-financial reasons.)

**Explanation:**

(This amendment adds language requesting any clinical laboratory performing a creatinine test on a Medicaid recipient to report the glomerular filtration rate (eGFR) of the patient. The eGFR is a calculation which measures how well a patient's kidneys are filtering wastes from the blood. Currently, physicians are required to ask for this calculation. **Explanation:**

(This amendment provides funding and staff to implement a Medicaid Buy-in Program, within the limits of the appropriation, allowing individuals with disabilities who are on Medicaid to continue receiving health care services while working. The Medicaid Buy-In option in the Balanced Budget Act of 1997 provides states with the

opportunity to develop work incentives that encourage people with disabilities to work or increase their level of work and continue to receive Medicaid benefits. Language contained in the introduced budget is stricken which would have required the department to re-submit a Medicaid Buy-in Program Research and Demonstration Waiver to the federal Centers for Medicare and Medicaid (CMS). On October 1, 2007 and each year thereafter, the Association shall report outcomes data including but not limited to the number of individuals served, services provided, and the cost of providing services, to the Chairmen of the Senate Finance and House Appropriations Committees."

**Explanation:**

(This budget amendment provides funding to allow community services boards to contract with free clinics to provide mental health services for low-income, uninsured

adults. Fund may be used for one or more of the following purposes: to recruit and deploy additional volunteer mental health professionals, to help underwrite the salary of a staff mental health provider, to expand the overall service hours or numbers of appointments, or to expand the scope of mental health services provided. It is estimated that 1,000 more low-income, uninsured adult Virginians would receive care through this appropriation.)

The study shall examine the relationship of the special needs adoption program to the Federal Child Welfare review and the Program of Improvement requirements. The focus of the study shall be to examine the causes of recent expenditure growth and make recommendations to moderate expenditure growth while continuing to meet the needs of the affected children. The Department shall not make recommendations to change who is eligible for a subsidized adoption.

2. In making its recommendation, the Department shall examine the services provided under the adoption program, and whether the appropriate levels of ancillary adoptive services and funding options are available to local departments of social services when developing a service plan for an adopted child and adopting family. The study shall make recommendations on (1) the establishment of a list of allowable ancillary adoption services for reimbursement, and (2) make recommendations for policy guidance on the use of alternative funding sources after an examination of the relationship between the adoptions subsidy program and alternative reimbursement sources available to local departments of social services for providing adoption services.

3. Measures to be studied shall include, but not be limited to, setting income

guidelines for prospective adoptive parents, utilizing available federal sources such as Medicaid, and setting rates for children's residential facilities.

4. Program. The department shall base the match on one state dollar for every two local dollars.”

**Explanation:**

(This amendment directs the Department to explore the feasibility of establishing another matching program for localities. The intent is for VDOT to match local dollars generated by local transportation referendum. The state money cannot be used for debt service, and would have to be matched on a basis of one state dollar for every two local dollars.)

"A.1. Contingent on passage of legislation by the General Assembly which contains a long-range transportation funding plan of sustainable, reliable, and adequate revenues for the Commonwealth prior to November 1, 2006, the amount of \$339,000,000 the first year from the general fund shall be allocated as a one-time supplement for transportation.

2. Provided however, if the General Assembly does not pass legislation that includes a long-range transportation funding plan of sustainable, reliable and adequate revenues for the Commonwealth prior to November 1, 2006, the amount contained in this item shall be transferred to Item 463.1 of this Act to be used as a one-time payment for school construction, capital outlay, and general tax relief.

B. Out of the amounts appropriated to this item, \$300,000 the first year shall be transferred to Item 427 to develop proposals for consideration by the 2007 and 2008 Sessions of the General Assembly to: (1) use state incentives and disincentives to improve transportation in Virginia and (2) reduce congestion, increase transit and

HOV use, improve air quality, and increase job and housing access to transit and pedestrian facilities. Of this amount, \$150,000 shall be allocated and allotted for the first year and \$150,000 shall be allocated and allotted for the second year.

C. Out of the amounts appropriated to this item, \$1,500,000 the first year shall be transferred to Item 437 for preliminary engineering and environmental assessment studies for extending Virginia Railway Express services to the Gainesville and Haymarket area.

D. Out of the amounts appropriated to this item, \$45,000,000 the first year shall be transferred to Item 437 of this act. Of this amount shall be \$20,000,000 for the Washington Metropolitan Area Transit Authority for capital improvements, including railcar storage improvements; \$15,000,000 for the Virginia Railway Express for rolling stock purchases; and \$10,000,000 for statewide bus purchases.

G. Out of the amounts appropriated to this item, \$30,000,000 the first year shall be transferred to Item 443 for the Route 164 rail relocation project.

H. Out of the amounts appropriated to this item, \$116,900,000 the first year shall be transferred to Item 443 to provide the required match not otherwise available from other Commonwealth revenues for Congressionally-designated projects included in P.L. 109-59 of the 109<sup>th</sup> Congress. Such funds shall be used to advance those projects in accordance with federal laws, guidance, and/or regulations. It is the intent of the General Assembly to match all of such federal earmarked projects while the *Safe, Accountable, Flexible, Efficient Transportation Equity Act: A Legacy for Users* remains in effect.

I. Out of the amounts appropriated to this item, \$15,000,000 the first year shall be transferred to Item 453 for the preliminary engineering and designing of the Craney Island Marine Terminal.

J. The Director, Department of Planning and Budget, is hereby authorized to transfer the appropriations in this item to the managing state agency."

**Explanation:**

(This amendment provides that \$339 million in one-time general funds shall be available as transition funding to implement a long-range transportation funding plan, should the General Assembly pass legislation containing such a plan prior to November 1, 2006.)

A.1 The amount of \$339,000,000 in the first year shall be transferred to this Item from Item 449.10, if the General Assembly does not pass legislation containing a long-range transportation funding plan of adequate, sustainable and reliable revenues for the Commonwealth prior to November 1, 2006. The amount of \$339,000,000 shall be disbursed as follows:

2. The amount of \$100,000,000 shall be paid to local school divisions as a one-time payment the first year from the general fund for school construction grants consistent with the requirements of Item 135C.18., based on a funding floor of \$360,000 per school division, with the remaining funds distributed based on the school division's proportion of prior year unadjusted ADM weighted by the composite index of local ability to pay.

3. The amount of \$202,000,000 shall be used as a one-time payment for construction of capital projects named in this act that received a planning appropriation in Fiscal Year 2007. The Governor shall include the recommended allocation of construction funds, based on completed planning studies, in the budget that he submits to the 2007 General Assembly.

4. The amount of \$37,000,000 shall be used as a one-time revenue adjustment to modify state income tax withholding requirements to make withholding consistent with that permitted for federal tax purposes. The Tax Commissioner shall take appropriate action to implement this change. "

**Explanation:**

(This amendment provides \$339.0 million as a contingent appropriation for the school construction grant program, to fund construction of state capital projects that are in the planning phase, and to eliminate the overwithholding of individual income taxes. If the General Assembly does not pass legislation containing a long-range transportation funding plan of adequate, sustainable and reliable revenues for the Commonwealth prior to November 1, 2006, funds will be transferred from Item 449.10 for these purposes.)

1. The Department of General Services shall enter into an interim agreement under the Public-Private Education Facilities and Infrastructure Act of 2002 (§ 56-575.1 et seq. of the Code of Virginia) to provide:

a. Architectural and engineering work up through production of final working

drawings for renovation of the 9th Street Office Building and replacement of the 8th Street Office Building, as described in paragraph 2 of this Item,

b. Demolition of the 8th Street Office Building. As provided for in HB5012 (2006 Special Session I), the contract for such demolition shall be entered into no later than June 30, 2006 and the demolition work begun no later than August 1, 2006, and

c. Such ancillary services as may be necessary to complete the work authorized in this Item.

d. The cost of this interim agreement shall not exceed \$16,753,272.

2. The architectural and engineering work provided for in paragraph 1, of this Item, shall provide working drawings and detailed cost estimates for:

a. Renovation and expansion of the 9th Street Office Building into an office building of approximately 193,000 gross square feet for continued use by the Commonwealth, and

b. Construction of a new office building on Broad Street between 8th Street and 9th Street, which shall be used primarily as an office building for the Commonwealth, but may provide for limited commercial and retail space on the first floor. This structure shall be designed to provide approximately 375,000 gross square feet with approximately 270 on-site parking spaces, which would utilize approximately 111,000 gross square feet of this total.

c. The total cost for both the renovation of the 9th Street Office Building and the new office building on Broad Street is estimated at \$139,610,605.

3. That portion of the design work provided for in paragraph 2, of this Item, that is related to the use of the renovated 9th Street Office Building and the new office building on Broad Street as temporary office space for the Legislative Branch of government shall be carried out in cooperation with representatives of each legislative agency.

4. The General Assembly determines that time is of the essence in making available the facilities described herein, and the Department of General Services is directed to initiate the project as soon as practical following the enactment of this Chapter.

5. The Governor shall a) report periodically to the Chairmen of the Senate Finance and House Appropriations Committees on the plans and status of this project for their review and comment, and b) provide the final, full appropriation for this project in his budget submission to the 2007 Session of the General Assembly. The cost of the on-site parking may be borne by the state employee parking fund only if such parking spaces will be routinely made available to the general state workforce on a continuing

basis after work on the General Assembly Building is completed.

6. It is anticipated that sufficient general fund appropriations or Virginia Public Building Authority bond authorization will be provided in future fiscal years to cover all phases of the project as specified in the final contract."

**Explanation:**

(This amendment provides \$12.3 million GF for architectural and engineering work through working drawings, and related support costs associated with replacement of the 8th Street Office Building and renovation of the 9th Street Office Building.)

"1. Virginia State University is authorized to enter into a long-term lease or other written agreements, with the Virginia State University Real Estate Foundation (VSUREF), for the development, design, construction and financing of the new Campus Dining Facility. The University currently has one dining facility, Jones Dining Hall. Due to the predicted steady increase in student enrollment, construction of a new dining facility is required to meet the dining needs of the students, faculty, staff and campus visitors. To provide a logical balance in distance from the present Jones Dining Hall, the new Campus Dining Facility will be located in the proximity of the Student Village and the proposed Campus Gateway Housing Complex. VSUREF will develop this dining facility to be an integral part of and in support of the Virginia State University dining system needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a dining facility. The support may include agreements to: (i) manage the operation and maintenance of the facility, including collection of dining fees; and (ii) otherwise support the dining facility consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia."

Virginia State University is authorized to enter into a long-term lease or other written agreements, with the Virginia State University Real Estate Foundation (VSUREF), for the development, design, construction and financing of the Campus Gateway Housing Complex which is approved as part of the Virginia State University Housing Master Plan Phase I, with a size modification. Current housing needs have forced Virginia State University to a.) expand upon the initial size and scope of the Campus Gateway Housing Complex and b.) reduce the construction time frame of the new residential housing facility. The Campus Gateway Housing Complex will be constructed on the northeast approach to campus and will provide an aesthetic enhancement to the most widely used campus entrance. The Campus Gateway Housing Complex, with the increase in size, will be a 500 bed housing complex that will provide suite style living quarters for Virginia State University students. VSUREF will develop this housing complex to be an integral part of the Virginia State University housing system, in support of the University's housing needs.

2. Virginia State University, with approval from the Governor, is further authorized to enter into written agreements with a public or private entity to support such a housing complex. The support may include agreements to: (i) manage the operation and maintenance of the facility, including collection of rental fees; and (ii) otherwise support the housing complex consistent with law, provided that the University shall not be required to take any action that would constitute a breach of the University's obligations under any documents or other instruments constituting or securing bonds or other indebtedness of the University or the Commonwealth of Virginia."

Fund Sources: General	\$10,105,960".	\$24,630,000".

A.1. There is hereby created upon the books of the Comptroller a special non-reverting, trust fund to be known as the Deferred Maintenance Pilot Trust Fund for each of the agencies listed in this item. No portion of the Trust Fund shall be used for a purpose other than as provided herein. Funds remaining in the Deferred Maintenance Pilot Trust Fund at the end of each fiscal year shall not revert to the general fund but shall remain in the Trust Fund, to be used for the purposes provided herein. Deposits shall consist of:

1. General funds as appropriated in this Item,
2. All interest, dividends and appreciation that may accrue to the Deferred Maintenance Trust Fund, and
3. Any other such funds as may be transferred, allocated, or appropriated for this purpose.
4. Participating agencies may transfer any portion or all of their maintenance reserve funding from Item C-325 to this Trust Fund to supplement any qualifying project, however, such transfers shall not effect their allocations of funding within the Trust Fund.

<b>Agency Name</b>	<b>Project Code</b>	<b>FY 2007</b>	<b>FY 2008</b>
Department for the Blind and Vision Impaired		\$390,000	\$160,022
Department of Corrections		\$12,600,000	\$5,169,919
Department of General Services		\$3,960,000	\$1,624,832
George Mason University		\$900,000	\$369,279
Old Dominion University		\$5,280,000	\$2,166,442
University of Mary Washington		\$1,500,000	\$615,466
		\$24,630,000	\$10,105,960

Participating agencies may use the Trust Fund on general fund deferred maintenance projects. General fund deferred maintenance projects include requirements for general fund supported buildings set out in the Commonwealth's Facility Inventory and Condition Assessment System (FICAS). Funding may only be used on buildings with a Requirements Index (RI) less than 0.60.

Participating agencies and institutions may transfer their maintenance reserve

appropriation in Part 2 of this act to the Deferred Maintenance Pilot Trust Fund to supplement the deferred maintenance funding provided above subject to the approval of the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services. Once transferred, these funds will not be subject to the guidelines surrounding the maintenance reserve program and may be used to carry out requirements for general fund supported buildings set out in the Commonwealth's FICAS.

2. The Deferred Maintenance Pilot Trust Fund shall be the responsibility of each agency or institution and shall be maintained and administered separately from any other program or fund of the agency or institution.

3. On or before July 1, 2006, the agency heads of participating agencies shall prepare a written strategic plan for execution of the deferred maintenance funding over the biennium. The strategic plan shall include a narrative that addresses the general condition of its facilities, how the agency will use the deferred maintenance funding, and what impact the agency expects for the planned strategy to have on overall agency facility conditions. The strategic plan should identify measurable results such as addressing facility condition index (FCI) metrics to show the condition of facilities before and after implementation of deferred maintenance funding. The metrics could be at the building, location, or agency level. Projects should include requirements in FICAS for general fund supported facilities with an emphasis on priority one and two requirements. However, agencies are not restricted to priority one and two requirements to enable each agency to have latitude to make decisions that will result in identifiable work accomplishments. The six pilot agencies shall submit all projects proposed for use under the deferred maintenance program to the Department of Planning and Budget for approval.

4. Participating agencies shall complete detailed facility condition assessments on all of their facilities and enter accurate requirements data into FICAS by October 15, 2006. These agencies may each use a maximum of \$100,000 of their allocation of the deferred maintenance funding to perform the assessments. A detailed facility condition assessment must be performed within the past 24 months on all facilities that receive deferred maintenance funding.

5. On or before September 1, 2007, each pilot agency head shall prepare a written report that addresses actual progress on projects and facility condition improvements against the expectations set out in the initial strategic plan. The report should justify any deviations from the original strategic plan, and if the agency did not achieve the

expected outcome, the report must explain why this occurred. No later than October 1, 2007, the six pilot agencies shall report to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees on the results of the pilot project.

6. Participating agencies must perform a complete life cycle study of any building with an RI equal to or greater than 0.60 to determine whether it is more cost effective to repair and renovate the current building or to demolish and construct a new building. Consideration should be given to the building's use, whether the building can meet the current programmatic needs, the future maintenance costs, and any historical significance of the building. Only if it is determined that repair and renovation are the cost effective solution, the pilot agencies and institutions may use deferred maintenance funding on the building subject to approval by the Director, Department of Planning and Budget, in consultation with the Director, Department of General Services.

B.A Pilot Working Group consisting of representatives from the Department for the Blind and Vision Impaired, Department of Corrections, Department of General Services, George Mason University, Old Dominion University, University of Mary Washington, Department of Planning and Budget, and the Auditor of Public Accounts shall work together during implementation of the pilot deferred maintenance program to develop recommendations on how to implement the deferred maintenance program statewide. These recommendations shall address funding options, funding allocation methods, and policies surrounding a statewide program to reduce deferred maintenance and improve the condition of Commonwealth-owned facilities. The Pilot Working Group shall report these recommendations to the Governor and the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1, 2007."

**Explanation:**

(This amendment provides \$24.6 million GF the first year and \$10.1 million GF the second year for a deferred maintenance pilot program.)

7. In effecting the reduction of expenditures, the Governor shall not withhold allotments of appropriations for:

a) More than 15 percent cumulatively of the annual general fund appropriation contained in this Act for operating expenses of any one state or nonstate agency or institution designated in this Act by title, and the exact amount withheld, by state or nonstate agency or institution, shall be reported within five calendar days to the Chairmen of the Senate Finance and House Appropriations Committees. State agencies providing funds directly to grantees named in this Act shall not apportion a larger cut to the grantee than the proportional cut apportioned to the agency. Without regard to Section 4-5.07 b.4. of this Act, the remaining appropriation to the grantee which is not subject to the cut, equal to at least 85 percent of the annual appropriation, shall be made by July 31, or in two equal installments, one payable by July 31 and the other payable by December 31, if the remaining appropriation is less than or equal to \$500,000, except in cases where the normal conditions of the grant dictate a different payment schedule.

b) The payment of principal and interest on the bonded debt or other bonded obligations of the Commonwealth, its agencies and its authorities, or for payment of

a legally authorized deficit.

c) The payments for care of graves of Confederate dead.

d) The employer contributions, and employer paid member contributions to the: Social Security System, Virginia Retirement System, Judicial Retirement System, State Police Officers Retirement System, Virginia Law Officers Retirement System, Optional Retirement Plan for College and University Faculty, Optional Retirement Plan for Political Appointees, Optional Retirement Plan for Superintendents, the Volunteer Service Award Program, and the Virginia Retirement System's group life insurance, sickness and disability, and retiree health care credit programs for state employees, state-supported local employees and teachers. If the Virginia Retirement System Board of Trustees approves a contribution rate for a fiscal year that is lower than the rate on which the appropriation was based, or if the United States government approves a Social Security rate that is lower than that in effect for the current budget, the Governor may withhold excess contributions. However, employer and employee paid rates or contributions for health insurance and matching deferred compensation for state employees, state-supported local employees and teachers may not be increased or decreased beyond the amounts approved by the General Assembly. Payments for the employee benefit programs listed in this paragraph may not be delayed beyond the customary billing cycles that have been established by law or policy by the governing board.

e) The payments in fulfillment of any contract awarded for the design, construction and furnishing of any state building.

f) The salary of any state officer for whom the Constitution of Virginia prohibits a change in salary.

g) The salary of any officer or employee in the Executive Department by more than two percent (irrespective of the fund source for payment of salaries and wages). Provided, however, that the percentage of reduction shall be uniformly applied to all employees within the Executive Department.

h) The appropriation supported by the State Bar Fund, as authorized by Section 54.1-3913, Code of Virginia, unless the supporting revenues for such appropriation are estimated to be insufficient to pay the appropriation.

8. The Governor is authorized to withhold specific allotments of appropriations by a uniform percentage, a graduated reduction or on an individual basis, or apply a combination of these actions, in effecting the authorized reduction of expenditures, up to the maximum of 15 percent, as prescribed in subdivision 7a of this subsection.

9. Each nongeneral fund appropriation shall be payable in full only to the extent the nongeneral fund revenues from which the appropriation is payable are estimated to

be sufficient. The Governor is authorized to reduce allotments on nongeneral fund appropriations by the amount necessary to ensure that expenditures do not exceed the supporting revenues for such appropriations. Provided, however, the Governor shall take no action to reduce allotments of appropriations for major nongeneral fund sources on account of reduced revenues until such time as a formal written re-estimate of revenues for the current and next biennium, prepared in accordance with the process specified in Section 2.2-1503, Code of Virginia, has been reported to the Chairmen of the Senate Finance, House Finance, and House Appropriations Committees. For purposes of this subsection, major nongeneral fund sources are defined as Highway Maintenance and Operating Fund and Transportation Trust Fund.

10. Notwithstanding any contrary provisions of law, the Governor is authorized to transfer to the general fund on June 30 of each year of the biennium or within twenty days from that date, any available unexpended balances in other funds in the state treasury, subject to the following:

- a) The Governor shall declare in writing to the Chairmen of the Senate Finance and House Appropriations Committees that a fiscal emergency exists which warrants the transfer of nongeneral funds to the general fund and reports the exact amount of such transfer within five calendar days of the transfer;
- b) No such transfer may be made from retirement or other trust accounts, the State Bar Fund as authorized by Section 54.1-3913, Code of Virginia, debt service funds, or federal funds; and
- c) The Governor shall include for informative purposes, in the first biennial budget he submits subsequent to the transfer, the amount transferred from each account or fund and recommendations for restoring such amounts.

11. The Director, Department of Planning and Budget, shall report spending authority withheld under the provisions of this subsection to the Chairmen of the Senate Finance and House Appropriations Committees within five calendar days of the action to withhold. Said report shall include the amount withheld by agency and appropriation item.

12. If action to withhold allotments of appropriation under this provision is inadequate to eliminate the imbalance between projected general fund resources and appropriations, the Speaker of the House of Delegates and the President Pro Tempore of the Senate shall be advised in writing by the Governor, so that they may consider requesting a special session of the legislature."

"4-5.11 PUBLIC PRIVATE PARTNERSHIPS

a. Public Private Partnership Advisory Commission

1. Any responsible public entity seeking to consider a public-private partnership shall notify and involve the Public Private Partnership Advisory Commission in accordance with the requirements set forth in Senate Bill 541. The responsible public entity shall cooperate with the Public Private Partnership Advisory Commission and shall provide briefings, documents and analysis as necessary to understand the partnership before approving the project.

2. The Public Private Partnership Advisory Commission shall notify the responsible public entity when the Commission will conduct a review and the Commission shall provide its findings and recommendations within 45 days of receiving the detailed proposal. However, no responsible entity will sign a final comprehensive agreement for a qualifying project until the responsible entity determines what actions, if any, the Commission has taken. In those circumstances, where the responsible public entity receives finding and recommendations from the Commission, the responsible public entity must provide the Commission with a written response on how it has addressed the recommendation before entering into

either an interim agreement or final comprehensive agreement.

3. The Public Private Partnership Advisory Commission shall provide a written report to the General Assembly regarding their review of qualifying projects and the actions by the responsible public entity to address their recommendations.

b. Other Matters

1. The Secretary of Finance shall set and execute standard financial review and analysis procedures prior to any state entity finalizing an interim or final comprehensive agreement. The standards shall include, at a minimum, a cost-benefit analysis, an assessment of opportunity costs, and consideration of the results of all studies and analyses related to the proposed qualifying project.

2. Upon approval of an interim or final comprehensive agreement, the responsible public entity shall provide the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts with quarterly status reports on the progress of the project, including work completed to date, project expenditures, and expenditures by state agencies to support the project, if applicable.

3. If applicable, the Director of Department of Planning and Budget, is authorized to transfer funds from other agencies to agencies as needed to pay for costs directly associated with the public private partnership, provided, however, that such transfers are reported to the Chairmen of the House Appropriations and Senate Finance Committees, as provided by this act.

4. The Director of Department of Planning and Budget with the State Comptroller shall establish a separate budget and accounting of non capital outlay public private partnership projects to determine the amount of current resources budgeted for the qualifying project, costs under the projects and take steps to isolate and capture any excess budgeted resources over the partnership project costs. The Director of Department of Planning and Budget shall not authorize the agencies to use the budgeted funds for the qualified project for any other purpose. The Director of Department of Planning and Budget with the State Comptroller shall report this information semi-annually to the Governor, the Chairmen of the House Appropriation and Senate Finance Committees, and the Auditor of Public Accounts.

5. Pursuant to section 4-701 of this act, the Director, Department of Planning and Budget may affect the position level of involved agencies for this purpose of a qualifying public private partnership project. Any such changes shall be reported to the Chairmen of the House Appropriation and Senate Finance Committees, as provided in this act. The Director of Department of Planning and Budget shall not authorize agencies to use funding resulting from reductions in position levels for any purpose other than paying for a qualifying public private partnership project and all budgeted funding in excess of the cost of the qualifying public private partnership projects shall be accounted for in accordance with b4 above.

6. For public private partnerships involving the construction of capital assets, the responsible public entity shall comply with the conditions outlined in Part 2 of this Act, including the conditions applicable to alternative financing.

7. If the public private partnership's alternative financing mechanism involves cost recoveries over and above amounts already collected through existing or planned collection activities, there is hereby created a special fund in the State Treasury. All additional cost recovery activities shall be deposited to this fund, subject to terms and conditions set out in an agreement between each affected agency and the vendor.

8. Any such revenues derived from federal funds shall not be deposited to the Fund but shall be returned to the applicable federal source.

9. No funds may be transferred or expended from this Fund except by legislative appropriation, which shall be based solely on funds already collected and not on projected collections.

10. For public private partnerships that result in capital leases, the responsible public entity shall comply with the conditions outlined in §4-4.00 of this Act, including the conditions requiring the Treasury Board approval."

"c) The State Council of Higher Education for Virginia may annually supplement the salary of the Director from any available nongeneral fund revenues appropriated to the Council. In approving a supplement, the State Council should be guided by criteria which provide a reasonable limit on the total additional income of the

Director. The criteria should include consideration of additional income from outside sources including, but not limited to, service on boards of directors or other such services. The State Council shall report approved supplements to the Department of Human Resource Management for its records."

**Explanation:**

(This amendment provides language to allow the State Council of Higher Education to provide an annual salary supplement to its Executive Director. Language in the current Appropriation Act already allows for salary supplements for public college and university presidents and the Chancellor of the community college system.)

"§ 4-6.01 EMPLOYEE SALARIES AND WAGES

a. Executive Branch Employees:

1. Classified Compensation Plan:

a. The compensation of classified employees in the Executive Branch shall be governed by the Classified Compensation Plan authorized by §4-7.02 of Chapter 1073, 2000 Acts of Assembly, including applicable geographic and shift differentials. This plan shall be administered by the Department of Human Resource Management.

1. Except as otherwise provided for in this subdivision, any increases in the salary band assignment of any job role contained in the Classified Compensation Plan shall be effective beginning with the first pay period, defined as the pay period from June 25 through July 9, of the fiscal year if:

a) The agency certifies to the Secretary of Finance that funds are available within the agency's appropriation to cover the cost of the increase for the remainder of the current biennium and presents a plan for covering the subsequent biennial costs, and the Secretary concurs, or

b) Such funds are appropriated by the General Assembly.

2. If at any time the Secretary of Administration shall certify that such change in the salary band assignment for a job role is of an emergency nature and the Secretary of Finance shall certify that funds are available to cover the cost of the increase for the remainder of the biennium within the agency's appropriation, such change in compensation may be effective on a date agreed upon by these two Secretaries. The Secretary of Administration shall provide a monthly report of all such emergency changes in accordance with §4-8.00, of this act Reporting Requirements.

b. Salary adjustments for any employee through a promotion, role change exceptional recruitment and retention incentive options, or in-range adjustment shall occur only if:

1. The agency has sufficient funds within its appropriation to cover the cost of the salary adjustment for the remainder of the current biennium, or

2. Such funds are appropriated by the General Assembly.

c. No changes to the salary band assignment of individual career group roles administered under the new pay plan that is authorized by the 2000 session of the General Assembly, or similar actions, shall be implemented at the option of affected agencies. Further, no changes in salary band assignments affecting classified employees of more than one agency shall become effective unless the Secretary of Finance certifies that sufficient funds are available to provide such increase or plan to all affected employees supported from the general fund.

2. The compensation of Executive Branch Employees (other than faculty at

institutions of higher education) not covered by the provisions of the Classified Compensation plan shall be administered in a manner consistent with that plan.

3. Faculty: Reserved for future use.

4. Cabinet Officers: Annual salaries of persons appointed to positions listed below shall be paid in the amounts shown.

b New Appointees: The annual salaries of persons appointed to positions listed in this subsection shall be established at:

- 1) No more than 15 percent above the appointee's pre-appointment salary, not to exceed the maximum for the salary range, or
- 2) The minimum for the salary range.
- 3) The basis for calculation of a new appointees salary shall be the last full-time salary, or annualized wage, paid to such individual. If such salary or wage was in compensation for serving in an acting or otherwise temporary capacity, then the calculation shall be based upon the salary or wage of the last permanent position held by the appointee.

4) In proposing the salary for a new appointee as authorized in this subsection, it is the intent of the General Assembly that the maximum set out in §4-6.01.a.5.b.1) not be viewed as the normal increase for new appointees. The Governor shall be guided by criteria which provide a reasonable limit on the increase, considering the incumbent's potential contribution to the Commonwealth, and such other criteria as he may find useful.

c Annual Salary Increases: In his budget proposals to the General Assembly, the Governor shall propose increases or decreases, if any, to the salaries of incumbents in the positions listed in this subsection.

1) Such proposals shall be:

a) Based on his evaluation of their individual performance,

b) No more than the maximum of the range of performance increases granted in that fiscal year for classified employees under the Classified Employee Pay Plan as set out in Item 511, of this Act,

c) No more than the maximum for the salary range and

d) Shall be effective on the first day of the pay period next following the Governor's signature of the budget bill.

2) In making his proposals in the budget, the Governor shall provide the Chairmen of the House Appropriations Committee and the Senate Finance Committee with written justification of any increase that deviates from the average increase recommended for classified state employees under the Classified Employee Pay Plan as set out in Item 511, of this Act. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act.

3) Incumbents with less than six months tenure in the position listed in this subsection shall not be eligible for the salary increase authorized by this subsection.

4) In proposing the annual salary increase authorized in this subsection, it is the intent of the General Assembly that the maximum set out in §4-6.01.a.5.c.1) b) above should be reserved for those agency heads who made an exceptional contribution to the operation of their agency. The Governor shall be guided by

criteria which provide a reasonable limit on the increase, considering the incumbent's service to the Commonwealth, and such other criteria as he may find useful.

d. Competitive Salary Increases: At any time, the Governor may approve a salary increase for the incumbent in a position listed in this subsection, in response to a bona fide job offer from another employer.

1) Such competitive salary increase shall be:

a) Based on his evaluation of their individual performance,

b) No more than the maximum of the salary range,

c) No more than 15 percent for any single competitive offer or for a combination of competitive offers in a single fiscal year, and

d) Temporary and provisional until the first day of the pay period next following the Governor's signature of the budget bill.

2) In approving a competitive offer, the Governor should be guided by criteria which provide a reasonable limit on the increase, considering the incumbent's service to the Commonwealth and the relative difficulty of finding a qualified replacement, and such other criteria as he may find useful.

3) In authorizing a competitive salary increase, the Governor shall provide the Chairmen of the House Appropriations Committee and the Senate Finance Committee with written justification for such increase. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act.

e. Performance Bonuses: At any time, the Governor may approve a performance bonus for the incumbent in a position listed in this subsection.

1) Such performance bonus shall be:

1) Based on his evaluation of their individual performance,

2) No greater than five percent of the annual salary for the incumbent, as listed in

this Act, and

2) Performance bonuses shall not be granted to any individual more than once in a twelve month period.

3) In authorizing a performance bonus, the Governor shall provide;

a) The Chairmen of the House Appropriations Committee and the Senate Finance Committee with written justification. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act.

b) Notification of performance bonuses to the Department of Human Resource Management for retention in its records.

f. Special Provisions for Executive Branch Agency Heads:

1) Except as may be otherwise provided in this Act, all incumbents holding positions listed in this § 4-6.01 shall be eligible for all fringe benefits provided to full-time classified state employees and, notwithstanding any provision to the contrary, the annual salary paid pursuant to this § 4-6.01 shall be included as creditable compensation for the calculation of such benefits.

2) If at any time the Administrator of the Commonwealth's Attorneys' Services Council serves on the faculty of a state-supported institution of higher education, the faculty appointment must be approved by the Council. Such institution shall pay one-half of the salary listed in § 4-6.01 c 6 of this act.

a) Further, such institution may provide compensation in addition to that listed in § 4-6.01 c 6; provided, however, that such additional compensation must be approved by the Council.

b) If the Administrator ceases to be a member of the faculty of a state-supported institution of higher education, the total salary listed in § 4-6.01 c 6 shall be paid from the Council's appropriation."

1. The compensation of employees of Legislative, Judicial and Independent Agencies shall be administered in accordance with such pay plans as may be adopted by their respective appointing authorities.

a) No funds appropriated by this Act shall be expended for the implementation of a pay plan for employees of the judicial or independent agencies that has not been reviewed and approved by the compensation subcommittees of the House Appropriations Committee and the Senate Finance Committee.

b) No funds appropriated by this Act shall be expended for the implementation of a pay plan for employees of Legislative agencies that are under the jurisdiction of the Joint Rules Committee until such plan has been reviewed and approved by the Committee. Such plan shall be provided to the compensation subcommittees of the House Appropriations Committee and the Senate Finance Committee.

If such salary or wage was in compensation for serving in an acting or otherwise temporary capacity, then the calculation shall be based upon the salary or wage of the last permanent position held by the appointee.

4) In proposing the salary for a new appointee as authorized in this subsection, it is the intent of the General Assembly that the maximum set out in §4-6.01.a.5.b.1) not be viewed as the normal increase for new appointees. The appointing authority shall be guided by criteria which provide a reasonable limit on the increase, considering the incumbent's potential contribution to the Commonwealth, and such other criteria as he may find useful.

c Annual Salary Increases: The appointing authority shall annually provide to the Department of Planning and Budget proposals for such increases or decreases as are deemed appropriate for the annual salaries of incumbents appointed to positions listed in this subsection. The Governor shall include such increases or decreases in his budget proposals to the General Assembly.

1) Such proposals shall be:

a) Based on his evaluation of their individual performance,

b) No more than the maximum of the range of performance increases granted in that fiscal year for classified employees under the Classified Employee Pay Plan as set out in Item 511, of this Act,

c) No more than the maximum for the salary range and

d) Shall be effective on the first day of the pay period next following the Governor's signature of the budget bill.

2) In proposing the annual salary increase authorized in this subsection, it is the intent of the General Assembly that the maximum set out in §4-6.01.b.3.c.1) b) above should be reserved for those agency heads who made an exceptional contribution to the operation of their agency. The appointing authority should be guided by criteria which provide a reasonable limit on the increase, considering the incumbent's service to the Commonwealth, and such other criteria as he may find useful.

3) In making his proposals to the Department of Planning and Budget the appointing authority in the Judicial and Independent Agencies shall provide written justification of any increase that deviates from the average increase recommended for classified state employees under the Classified Employee Pay Plan as set out in

Item 511, of this Act. Copies of these justifications shall be provided by the appointing authority to the Chairmen of the House Appropriations Committee and the Senate Finance Committee. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act in the budget, with.

4) Incumbents with less than six months tenure in the position listed in this subsection and in §1-1 through §1-15 of this Act shall not be eligible for the salary increase authorized by this subsection.

d. Competitive Salary Increases: At any time the appointing authority may approve a salary increase for the incumbent in a position listed in this subsection, in response to a bona fide job offer from another employer.

1) Such competitive salary increase shall be:

a) Based on his evaluation of their individual performance,

b) No more than the maximum of the salary range,

c) No more than 15 percent for any single competitive offer or for a combination of competitive offers in a single fiscal year, and

d) Temporary and provisional until the first day of the pay period next following the Governor's signature of the budget bill.

2) In approving a competitive offer, the appointing authority should be guided by criteria which provide a reasonable limit on the increase, considering the incumbent's service to the Commonwealth and the relative difficulty of finding a qualified replacement, and such other criteria as he may find useful.

3) In authorizing a competitive salary increase, the appointing authority in the Judicial Branch and independent Agencies shall provide the Chairmen of the House Appropriations Committee and the Senate Finance Committee with written justification for such increase. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act.

e. Performance Bonuses: At any time the appointing authority may approve a

performance bonus for the incumbent in a position listed in this subsection.

1) Such performance bonus shall be:

a) Based on his evaluation of their individual performance,

b) No greater than five percent of the annual salary for the incumbent, as listed in this Act, and

2) Performance bonuses shall not be granted to any individual more than once in a twelve month period.

3) In authorizing a performance bonus, the appointing authority shall provide;

a) The Chairmen of the House Appropriations Committee and the Senate Finance Committee with written justification. Such justification shall be confidential and shall not be subject to the provisions of the Freedom of Information Act.

b) Notification of performance bonuses to the Department of Human Resource Management for retention in its records."

**Explanation:**

(This amendment consolidates the salaries of agency heads and other appointed officials into one series of tables in the appropriations act. it also provides that increases for such employes shall be effective after the authorizing tables have been amended by the Governor and the General Assembly.)

"§4-9.06 ASSESSMENT OF INSTITUTIONAL PERFORMANCE

Consistent with [§23-9.6:1.01.](#), Code of Virginia, the following education-related and financial and administrative management measures shall be the basis on which the State Council of Higher Education for Virginia (SCHEV) shall annually assess and certify institutional performance. Institutional performance on measures set forth in paragraph K of this section shall be evaluated year-to-date by the Secretaries of Finance and Administration, as appropriate, and communicated to the State Council of Higher Education before June 1 of each year.

By July 15, 2006, the State Council shall publish institutional performance benchmarks and targets for each objective measure, which shall be established in cooperation with the respective institution.

Financial benefits provided to each institution in accordance with §2.2-5009, Code of Virginia, will be evaluated in light of that institution's performance. The first certification will be completed and forwarded in writing to the General Assembly and Governor no later than June 1, 2007.

In general, institutions are expected to achieve their agreed-upon targets and standards on all performance measures in order to be certified by SCHEV. However, the State Council, in working with each institution, shall establish a prescribed range of permitted variance from annual targets for each measure, as appropriate.

Further, the State Council shall have broad authority to certify institutions as having met the standards on measures where they have already achieved high levels of performance in order that they may focus resources toward achieving similar levels of performance on other measures. The State Council shall likewise have the authority to exempt institutions from certification on measures that the State Council deems unrelated to an institution's overall performance.

The State Council shall develop, adopt, and publish standards for granting exemptions and ongoing modifications to the certification process.

#### A. Access

1. Institution meets its State Council-approved biennial projection of total in-state student enrollment within the prescribed range of permitted variance.
2. Institution increases the percentage of in-state undergraduate enrollment of under-represented populations. (Such populations should include low income, first-generation college status, geographic origin within Virginia, race, and ethnicity, or other populations as may be identified by the State Council.)
3. Institution annually meets at least 95 percent of its State Council-approved estimates of degrees awarded.

#### B. Affordability

4. With the intent of developing a clearly understandable measure of affordability no later than July 1, 2008, SCHEV shall report annually an institution's in-state undergraduate tuition and fees, both gross and net of need-based gift aid, as a percentage of the institution's median student family income. By October 1, 2008, each institution shall identify a "maintenance of effort" target for ensuring that the institution's financial commitment to need-based student aid shall increase commensurately with planned increases in in-state, undergraduate tuition and fees.

The financial plan for these goals should be incorporated into the institution's 2009-2014 six-year plan as required under § 23-9.2:3.02., Code of Virginia.

5. Institution establishes mutually acceptable annual targets for need-based borrowing that reflect institutional commitment to limit the average borrowing of in-state students with established financial need, and the percentage of those students who borrow, to a level that maintains or increases access while not compromising affordability.

6. Institution conducts a biennial assessment of the impact of tuition and fee levels net of financial aid on applications, enrollment, and student indebtedness incurred for the payment of tuition and fees and provides the State Council with a copy of this study upon its completion and makes appropriate reference to its use within the required six-year plans. The institution shall also make a parent- and student-friendly version of this assessment widely available on the institution's website.

#### C. Breadth of Academics

7. Institution maintains acceptable progress towards an agreed upon target for the total number and percentage of graduates in high-need areas, as identified by the State Council of Higher Education.

#### D. Academic Standards

8. Institution reports on total programs reviewed under Southern Association of Colleges and Schools assessment of student learning outcomes criteria within the institution's established assessment cycle in which continuous improvement plans addressing recommended policy and program changes were implemented.

#### E. Student Retention and Timely Graduation

9. Institution demonstrates a commitment to ensuring that lower division undergraduates have access to required courses at the 100- and 200-level sufficient to ensure timely graduation by reporting annually to the State Council of Higher Education on the number of students denied enrollment in such courses for each fall and spring semesters. No later than July 1, 2008, to the extent the institution does not currently track student access and registration attempts at the course level, the institution shall, in consultation with the State Council of Higher Education, establish an appropriate quantitative method to identify the extent to which limited access to 100- and 200-level courses reduces progression, retention, and graduation rates. After July 1, 2008, each institution shall include in its annual report to the

State Council its plan of action to increase such access and remediate the identified problems.

10. Institution maintains or increases the ratio of degrees conferred per full-time equivalent instructional faculty member, within the prescribed range of permitted variance.

11. Institution maintains or improves the average annual retention and progression rates of degree-seeking undergraduate students.

12. Within the prescribed range of permitted variance, the institution increases the ratio of total undergraduate degrees awarded to the number of annual full-time equivalent, degree-seeking undergraduate students, except in those years when the institution is pursuing planned enrollment growth as demonstrated by their SCHEV-approved enrollment projections

#### F. Articulation Agreements and Dual Enrollment

13. Institution increases the number of undergraduate programs or schools for which it has established a uniform articulation agreement by program or school for associate degree graduates transferring from all colleges of the Virginia Community College System and Richard Bland College consistent with a target agreed to by the institution, the Virginia Community College System, and the State Council of Higher Education for Virginia.

14. Institution increases the total number of associate degree graduates enrolled as transfer students from Virginia's public two-year colleges with the expectation that the general education credits from those institutions apply toward general education baccalaureate degree requirements, as a percent of all undergraduate students enrolled, within the prescribed range of permitted variance.

15. Institution increases the number of students involved in dual enrollment programs consistent with a target agreed upon by the institution, the Department of Education and the State Council of Higher Education for Virginia.

#### G. Economic Development

16. In cooperation with the State Council, institution develops a specific set of actions to help address local and/or regional economic development needs consisting of specific partners, activities, fiscal support, and desired outcomes. Institution will receive positive feedback on an annual standardized survey

developed by the State Council, in consultation with the institutions, of local and regional leaders, and the economic development partners identified in its plans, regarding the success of its local and regional economic development plans.

#### H. Research, Patents, and Licenses

17. Institution maintains or increases the total expenditures in grants and contracts for research, within the prescribed range of permitted variance, according to targets mutually agreed upon with SCHEV and/or consistent with the institution's management agreement.

18. Institution maintains or increases the annual number of new patent awards and licenses, within the prescribed range of permitted variance, according to targets mutually agreed upon with SCHEV and/or consistent with the institution's management agreement.

#### I. Elementary and Secondary Education

19. In cooperation with the State Council, institution develops a specific set of actions with schools or school district administrations with specific goals to improve student achievement, upgrade the knowledge and skills of teachers, or strengthen the leadership skills of school administrators. Institution will receive positive feedback on an annual standardized survey of the superintendents, principals, and appropriate other parties. The survey shall be developed by the State Council, in consultation with the institution.

#### J. Six-Year Plan

20. Institution prepares six-year financial plan consistent with § 23-9.2:3.02, Code of Virginia.

#### K. Financial and Administrative Standards

21. As specified in § 2.2-5004, Code of Virginia, institution takes all appropriate actions to meet the following financial and administrative standards:

- a. An unqualified opinion from the Auditor of Public Accounts upon the audit of the public institution's financial statements;
- b. No significant audit deficiencies attested to by the Auditor of Public Accounts;
- c. Substantial compliance with all financial reporting standards approved by the

State Comptroller;

d. Substantial attainment of accounts receivable standards approved by the State Comptroller, including but not limited to, any standards for outstanding receivables and bad debts; and

e. Substantial attainment of accounts payable standards approved by the State Comptroller including, but not limited to, any standards for accounts payable past due.

22. Institution complies with a debt management policy approved by its governing board that defines the maximum percent of institutional resources that can be used to pay debt service in a fiscal year, and the maximum amount of debt that can be prudently issued within a specified period.

23. The Governor or his designees, in consultation with the institutions of higher education, the Auditor of Public Accounts and staff of the House Appropriations and Senate Finance Committees shall develop additional standards to assess the extent to which an institution is well-managed in the areas of personnel, capital outlay, and procurement. The Governor shall report those standards to the Chairmen of the House Appropriations and Senate Finance Committees no later than October 1, 2006 for consideration by the 2007 General Assembly."

**Explanation:**

(This amendment strengthens the performance measures proposed in the introduced budget and clarifies the assessment process for the annual performance review of higher education institutions required under the 2005 Higher Education Restructuring Act. Institutions that successfully demonstrate acceptable performance in the state policy areas set forth in this section will be eligible to receive interest earnings on their tuition and fee revenues beginning in FY 2008.)
