37 § 2.2-1514. Designation of general fund for nonrecurring expenditures.

38 A. As used in this section:

39 "The Budget Bill" means the "The Budget Bill" submitted pursuant to § 2.2-1509, including any
 40 amendments to a general appropriation act pursuant to such section.

41 "Nonrecurring expenditures" means the acquisition or construction of capital outlay projects as
 42 defined in § 2.2-1503.2, the acquisition or construction of capital improvements, the acquisition of land,
 43 the acquisition of equipment, or other expenditures of a one-time nature as specified in the general
 44 appropriation act. *Such term shall not include any expenditures relating to transportation, including but*
 45 *not limited to transportation maintenance.*

46 B. At the end of each fiscal year, the Comptroller shall designate within his annual report pursuant to
 47 § 2.2-813 ~~an amount for nonrecurring expenditures, which shall equal the remaining amount of the~~
 48 ~~general fund balance that is not otherwise reserved or designated.~~ *as follows: one-third of the remaining*
 49 *amount of the general fund balance that is not otherwise reserved or designated shall be designated by*
 50 *the Comptroller for nonrecurring expenditures, and two-thirds shall be designated for deposit into the*
 51 *Transportation Trust Fund.* No such designation shall be made unless the full amounts required for other
 52 reserves or designations including, but not limited to, (i) the Revenue Stabilization Fund deposit
 53 pursuant to § 2.2-1829, (ii) the Virginia Water Quality Improvement Fund deposit pursuant to
 54 § 10.1-2128, (iii) capital outlay reappropriations pursuant to the general appropriation act, (iv) (a)
 55 operating expense reappropriations pursuant to the general appropriation act, and (b) reappropriations of
 56 unexpended appropriations to certain public institutions of higher education pursuant to § 2.2-5005, (v)

 58 the unappropriated balance anticipated in the general appropriation act for the end of such fiscal year,
 59 and (vii) interest payments on deposits of certain public institutions of higher education pursuant to
 60 § 2.2-5005 are set aside. The Comptroller shall set aside amounts required for clauses (iv) (b), (v), and
 61 (vii) beginning with the initial fiscal year as determined under § 2.2-5005 and for all fiscal years
 62 thereafter.

63 C. The Governor shall include in "The Budget Bill" pursuant to § 2.2-1509 recommended
 64 appropriations from the general fund or recommended amendments to general fund appropriations in the
 65 general appropriation act in effect at that time an amount for nonrecurring expenditures *and an amount*
 66 *for deposit into the Transportation Trust Fund* equal to the ~~amount~~ amounts designated by the
 67 Comptroller for such ~~purpose~~ purposes pursuant to the provisions of subsection B of ~~this section~~. *Such*
 68 *deposit to the Transportation Trust Fund shall not preclude the appropriation of additional amounts*
 69 *from the general fund for transportation purposes.*

70 § 10.1-1188. State agencies to submit environmental impact reports on major projects.

71 A. All state agencies, boards, authorities and commissions or any branch of the state government
 72 shall prepare and submit an environmental impact report to the Department on each major state project.

73 "Major state project" means the acquisition of an interest in land for any state facility construction,
 74 or the construction of any facility or expansion of an existing facility which is hereafter undertaken by
 75 any state agency, board, commission, authority or any branch of state government, including
 76 state-supported institutions of higher learning, which costs \$100,000 or more. For the purposes of this
 77 chapter, authority shall not include any industrial development authority created pursuant to the
 78 provisions of Chapter 49 (§ 15.2-4900 et seq.) of Title 15.2 or Chapter 643, as amended, of the 1964
 79 Acts of Assembly. Nor shall authority include any housing development or redevelopment authority
 80 established pursuant to state law. For the purposes of this chapter, branch of state government shall ~~not~~
 81 ~~include~~ *apply to any county, city or town of the Commonwealth only in connection with highway*
 82 *construction, reconstruction, or improvement projects affecting highways or roads undertaken by the*
 83 *county, city, or town.*

84 Such environmental impact report shall include, but not be limited to, the following:

- 85 1. The environmental impact of the major state project, including the impact on wildlife habitat;
- 86 2. Any adverse environmental effects which cannot be avoided if the major state project is
 87 undertaken;
- 88 3. Measures proposed to minimize the impact of the major state project;
- 89 4. Any alternatives to the proposed construction; and
- 90 5. Any irreversible environmental changes which would be involved in the major state project.

91 For the purposes of subdivision 4 of this subsection, the report shall contain all alternatives
 92 considered and the reasons why the alternatives were rejected. If a report does not set forth alternatives,
 93 it shall state why alternatives were not considered.

94 B. For purposes of this chapter, this subsection shall ~~not~~ *only* apply to the review of highway and
 95 road construction projects or any part thereof. The Secretaries of Transportation and Natural Resources
 96 shall jointly establish procedures for review and comment by state natural and historic resource agencies
 97 of highway and road construction projects. Such procedures shall provide for review and comment on
 98 appropriate projects and categories of projects to address the environmental impact of the project, any
 99 adverse environmental effects which cannot be avoided if the project is undertaken, the measures
 100 proposed to minimize the impact of the project, any alternatives to the proposed construction, and any
 101 irreversible environmental changes which would be involved in the project.

102 § 15.2-2223.1. *Comprehensive plan to include urban development areas; new urbanism.*

103 A. *Every county, city, or town that has adopted zoning pursuant to Article 7 (§ 15.2-2280 et seq.) of*
 104 *Chapter 22 of Title 15.2 and that (i) has a population of at least 20,000 and population growth of at*
 105 *least 5% or (ii) has population growth of 15% or more, shall, and any county, city or town may, amend*
 106 *its comprehensive plan to incorporate one or more urban development areas. For purposes of this*
 107 *section, population growth shall be the difference in population from the next-to-latest to the latest*
 108 *decennial census year, based on population reported by the United States Bureau of the Census. For*
 109 *purposes of this section, an urban development area is an area designated by a locality that is*
 110 *appropriate for higher density development due to proximity to transportation facilities, the availability*
 111 *of a public or community water and sewer system, or proximity to a city, town, or other developed area.*
 112 *The comprehensive plan shall provide for commercial and residential densities within urban*
 113 *development areas that are appropriate for reasonably compact development at a density of at least four*
 114 *residential units per gross acre and a minimum floor area ratio of 0.4 per gross acre for commercial*
 115 *development. The comprehensive plan shall designate one or more urban development areas sufficient*
 116 *to meet projected residential and commercial growth in the locality for an ensuing period of at least 10*
 117 *but not more than 20 years, which may include phasing of development within the urban development*

118 areas. Future growth shall be based on official estimates and projections of the Weldon Cooper Center
119 for Public Service of the University of Virginia or other official government sources. The boundaries
120 and size of each urban development area shall be reexamined and, if necessary, revised every five years
121 in conjunction with the update of the comprehensive plan and in accordance with the most recent
122 available population growth estimates and projections. Such districts may be areas designated for
123 redevelopment or infill development.

124 B. The comprehensive plan shall further incorporate principles of new urbanism and traditional
125 neighborhood development, which may include but need not be limited to (i) pedestrian-friendly road
126 design, (ii) interconnection of new local streets with existing local streets and roads, (iii) connectivity of
127 road and pedestrian networks, (iv) preservation of natural areas, (v) satisfaction of requirements for
128 stormwater management, (vi) mixed-use neighborhoods, including mixed housing types, (vii) reduction of
129 front and side yard building setbacks, and (viii) reduction of subdivision street widths and turning radii
130 at subdivision street intersections.

131 C. The comprehensive plan shall describe any financial and other incentives for development in the
132 urban development areas.

133 D. No county, city, or town that has amended its comprehensive plan in accordance with this section
134 shall limit or prohibit development pursuant to existing zoning or shall refuse to consider any
135 application for rezoning based solely on the fact that the property is located outside the urban
136 development area.

137 E. Any county, city, or town that would be required to amend its plan pursuant to this section that
138 determines that its plan accommodates growth in a manner consistent with this section, upon adoption
139 of a resolution certifying such compliance, shall not be required to further amend its plan.

140 F. Any county that amends its comprehensive plan pursuant to this section may designate one or
141 more urban development areas in any incorporated town within such county, if the governing body of
142 the town has also amended its comprehensive plan to designate the same areas as urban development
143 areas with at least the same density designated by the county.

144 G. To the extent possible, state and local transportation, housing, and economic development funding
145 shall be directed to the urban development area.

146 § 15.2-2317. Applicability of article.

147 This article shall apply to (i) any county having a population of 500,000 or more as determined by
148 the most recent U.S. Census, (ii) any county or city adjacent thereto, (iii) any city contiguous to such
149 adjacent county or city, (iv) any town within such county or an adjacent county, (v) any county having
150 a population between 58,000 and 62,000 as determined by the 1990 U.S. Census, (vi) Fauquier County,
151 (vii) Spotsylvania County and (viii) Frederick County any locality that has adopted zoning pursuant to
152 Article 7 (§ 15.2-2280 et seq.) of Chapter 22 of Title 15.2 and that (i) has a population of at least
153 20,000 and has a population growth rate of at least 5% or (ii) has population growth of 15% or more.
154 For the purposes of this section, population growth shall be the difference in population from the
155 next-to-latest to the latest decennial census year, based on population reported by the United States
156 Bureau of the Census.

157 § 15.2-2318. Definitions.

158 As used in this article, unless the context requires a different meaning:

159 "Cost" includes, in addition to all labor, materials, machinery and equipment for construction, (i)
160 acquisition of land, rights-of-way, property rights, easements and interests, including the costs of moving
161 or relocating utilities, (ii) demolition or removal of any structure on land so acquired, including
162 acquisition of land to which such structure may be moved, (iii) survey, engineering, and architectural
163 expenses, (iv) legal, administrative, and other related expenses, and (v) interest charges and other
164 financing costs if impact fees are used for the payment of principal and interest on bonds, notes or other
165 obligations issued by the locality to finance the road improvement.

166 "Impact fee" means a charge or assessment imposed against new development in order to generate
167 revenue to fund or recover the costs of reasonable road improvements necessitated by and attributable to
168 benefiting the new development. Impact fees may not be assessed and imposed for road repair, operation
169 and maintenance, nor to expand existing roads to meet demand which existed prior to the new
170 development.

171 "Impact fee service area" means land designated by ordinance within a locality, an area designated
172 within the comprehensive plan of a locality having clearly defined boundaries and clearly related traffic
173 needs and within which development is to be subject to the assessment of impact fees.

174 "Road improvement" includes construction of new roads or improvement or expansion of existing
175 roads and related appurtenances as required by applicable construction standards of the Virginia
176 Department of Transportation, or the applicable standards of a locality with road maintenance
177 responsibilities, to meet increased demand attributable to new development. Road improvements do not
178 include on-site construction of roads which a developer may be required to provide pursuant to

179 §§ 15.2-2241 through 15.2-2245.

180 § 15.2-2319. Authority to assess and impose impact fees.

181 Any applicable locality may, by ordinance pursuant to the procedures and requirements of this
182 article, assess and impose impact fees on new development to pay all or a part of the cost of reasonable
183 road improvements ~~attributable in substantial part to that benefit~~ the new development.

184 Prior to the adoption of the ordinance, a locality shall establish an impact fee advisory committee.
185 The committee shall be composed of not less than five nor more than ten members appointed by the
186 governing body of the locality and at least forty percent of the membership shall be representatives from
187 the development, building or real estate industries. The planning commission or other existing committee
188 that meets the membership requirements may serve as the impact fee advisory committee. The
189 committee shall serve in an advisory capacity to assist and advise the governing body of the locality
190 with regard to the ordinance. No action of the committee shall be considered a necessary prerequisite for
191 any action taken by the locality in regard to the adoption of an ordinance.

192 § 15.2-2320. Impact fee service areas to be established.

193 The locality shall delineate one or more impact fee service areas within its ~~jurisdiction~~ *comprehensive*
194 *plan*. Impact fees collected from new development within an impact fee service area shall be expended
195 for road improvements ~~within~~ *benefiting* that impact fee service area. An impact fee service area may
196 encompass more than one road improvement project. *A locality may exclude urban development areas*
197 *designated pursuant to § 15.2-2223.1 from impact fee service areas.*

198 § 15.2-2321. Adoption of road improvements program.

199 Prior to adopting a system of impact fees, the locality shall conduct an assessment of road
200 improvement needs ~~within~~ *benefiting* an impact fee service area ~~and in the locality~~ and shall adopt a
201 road improvements plan for the area showing the new roads proposed to be constructed and the existing
202 roads to be improved or expanded and the schedule for undertaking such construction, improvement or
203 expansion. The road improvements plan shall be adopted as an amendment to the required
204 comprehensive plan and shall be incorporated into the capital improvements program or, in the case of
205 the counties where applicable, the six-year plan for secondary road construction pursuant to
206 § 33.1-70.01.

207 The locality shall adopt the road improvements plan after holding a duly advertised public hearing.
208 The public hearing notice shall identify the impact fee service area or areas to be designated, and shall
209 include a summary of the needs assessment and the assumptions upon which the assessment is based,
210 the proposed amount of the impact fee, and information as to how a copy of the complete study may be
211 examined. A copy of the complete study shall be available for public inspection and copying at
212 reasonable times prior to the public hearing.

213 The locality at a minimum shall include the following items in assessing road improvement needs
214 and preparing a road improvements plan:

215 1. An analysis of the existing capacity, current usage and existing commitments to future usage of
216 existing roads, as indicated by (i) *current and projected service levels*, (ii) current valid building permits
217 outstanding, (ii) ~~approved conditional rezonings, special exceptions, and special use permits~~, and (iii)
218 *approved and pending* site plans and subdivision plats. If the current usage and commitments exceed the
219 existing capacity of the roads, the locality also shall determine the costs of improving the roads to meet
220 the demand. The analysis shall *include any off-site road improvements or cash payments for road*
221 *improvements accepted by the locality and shall include a plan to fund the current usages and*
222 *commitments that exceed the existing capacity of the roads.*

223 2. The projected need for and costs of construction of new roads or improvement or expansion of
224 existing roads attributable in whole or in part to projected new development. Road improvement needs
225 shall be projected for the impact fee service area when fully developed in accord with the
226 comprehensive plan and, if full development is projected to occur more than ~~ten~~ 20 years in the future,
227 at the end of a ~~ten-year~~ 20-year period. The assumptions with regard to land uses, densities, intensities,
228 and population upon which road improvement projections are based shall be presented.

229 3. The total number of new service units projected for the impact fee service area when fully
230 developed and, if full development is projected to occur more than ~~ten~~ 20 years in the future, at the end
231 of a ~~ten-year~~ 20-year period. A "service unit" is a standardized measure of traffic use or generation. The
232 locality shall develop a table or method for attributing service units to various types of development and
233 land use, including but not limited to residential, commercial and industrial uses. The table shall be
234 based upon the ITE manual (published by the Institute of Transportation Engineers) or locally conducted
235 trip generation studies, *and consistent with the traffic analysis standards adopted pursuant to*
236 *§ 15.2-2222.1.*

237 § 15.2-2322. Adoption of impact fee and schedule.

238 After adoption of a road improvement program, the locality may adopt an ordinance establishing a
239 system of impact fees to fund or recapture all or any part of the cost of providing reasonable road

240 improvements ~~required by~~ *benefiting* new development. The ordinance shall set forth the schedule of
241 impact fees.

242 § 15.2-2323. When impact fees assessed and imposed.

243 The amount of impact fees to be imposed on a specific development or subdivision shall be
244 determined before or at the time the site plan or subdivision is approved. The ordinance shall specify
245 that the fee is to be collected at the time of the issuance of a ~~certificate of occupancy~~ *building permit*.
246 The ordinance shall provide that fees (i) may be paid in lump sum or (ii) be paid on installment at a
247 reasonable rate of interest for a fixed number of years. The locality by ordinance may provide for
248 negotiated agreements with the owner of the property as to the time and method of paying the impact
249 fees.

250 The maximum impact fee to be imposed shall be determined (i) by dividing projected road
251 improvement costs in the *impact fee* service area when fully developed by the number of projected
252 service units when fully developed, or (ii) for a reasonable period of time, but not less than ten years,
253 by dividing the projected costs necessitated by development in the next ten years by the service units
254 projected to be created in the next ten years.

255 The ordinance shall provide for appeals from administrative determinations, regarding the impact fees
256 to be imposed, to the governing body or such other body as designated in the ordinance. The ordinance
257 may provide for the resolution of disputes over an impact fee by arbitration or otherwise.

258 ~~No impact fees shall be assessed or imposed upon a development or subdivision if the subdivider or~~
259 ~~developer has proffered conditions pursuant to §§ 15.2-2298 or 15.2-2303 for off-site road improvements~~
260 ~~and the proffered conditions have been accepted by the local government.~~

261 § 15.2-2324. Credits against impact fee.

262 The value of any dedication, contribution or construction from the developer for off-site road *or*
263 *other transportation* improvements ~~within~~ *benefiting* the impact fee service area shall be treated as a
264 credit against the impact fees imposed on the developer's project. *The locality shall treat as a credit any*
265 *off-site transportation dedication, contribution, or construction, whether it is a condition of a rezoning*
266 *or otherwise committed to the locality.* The locality may by ordinance provide for credits for approved
267 on-site *transportation* improvements in excess of those required by the development.

268 The locality also shall calculate and credit against impact fees the extent to which (i) *other*
269 *developments* have already contributed to the cost of existing roads which will ~~serve~~ *benefit* the
270 development, (ii) new development will contribute to the cost of existing roads, and (iii) new
271 development will contribute to the cost of road improvements in the future other than through impact
272 fees, *including any special taxing districts, special assessments, or community development authorities.*

273 § 15.2-2325. Updating plan and amending impact fee.

274 The locality shall update the needs assessment and the assumptions and projections at least once
275 every two years. The road improvement plan shall be updated at least every two years to reflect current
276 assumptions and projections. The impact fee schedule may be amended to reflect any substantial changes
277 in such assumptions and projections. *Any impact fees not yet paid shall be assessed at the updated rate.*

278 § 15.2-2326. Use of proceeds.

279 A separate road improvement account shall be established for the impact fee service area and all
280 funds collected through impact fees shall be deposited in the interest-bearing account. Interest earned on
281 deposits shall become funds of the account. The expenditure of funds from the account shall be only for
282 road improvements ~~within~~ *benefiting* the impact fee service area as set out in the road improvement plan
283 for the impact fee service area.

284 § 15.2-2327. Refund of impact fees.

285 The locality shall refund any impact fee or portion thereof for which construction of a project is not
286 completed within a reasonable period of time, not to exceed fifteen years. *In the event that impact fees*
287 *are not committed to road improvements benefiting the impact fee service area within seven years from*
288 *the date of collection, the locality may commit any such impact fees to the secondary or urban system*
289 *construction program of that locality for road improvements that benefit the impact fee service area.*

290 Upon completion of a project, the locality shall recalculate the impact fee based on the actual cost of
291 the improvement. It shall refund the difference if the impact fee paid exceeds actual cost by more than
292 fifteen percent. Refunds shall be made to the record owner of the property at the time the refund is
293 made.

294

295 *Article 9.*
Impact Fees.

296 § 15.2-2328. *Applicability of article.*

297 *The provisions of this article shall apply in their entirety to any locality that has established an*
298 *urban transportation service district in accordance with § 15.2-2403.1. However, the authority granted*

 448 *the first 50% shall be used solely for urban or secondary road construction and improvements and for*
 449 *public transportation purposes, and (ii) in the remaining localities, the first 50% shall be used solely for*
 450 *urban or secondary road construction and improvements. The remainder, as determined solely by the*
 451 *applicable locality, shall be used either for additional urban or secondary road construction; for other*
 452 *transportation capital improvements which have been approved by the most recent long range*
 453 *transportation plan adopted by the Authority; or for public transportation purposes. Solely for purposes*
 454 *of calculating the 40% of revenues to be distributed pursuant to this subsection, the revenue generated*

465 a. *The next \$50 million each fiscal year shall be distributed to the Washington Metropolitan Area*
 466 *Transit Authority (WMATA) and shall be used for capital improvements benefiting the area embraced by*
 467 *the Authority for WMATA's transit service (Metro). The Authority shall first make use of that portion of*
 468 *such annual distribution as may be necessary under the requirements of federal law for the payment of*
 469 *federal funds to WMATA, but only if the matching federal funds are exclusive of and in addition to the*

 481 *shall contain a provision granting the Authority the option to terminate the contract if contractors do*
 482 *not meet such standards. Notwithstanding the foregoing, any locality may provide engineering services*
 483 *or right-of-way acquisition for any project with its own forces. The Authority shall avail itself of the*

484 strategies permitted under the Public-Private Transportation Act (§ 56-556 et seq.) whenever feasible
 485 and advantageous. The Authority is independent of any state or local entity, including the Virginia
 486 Department of Transportation (VDOT) and the Commonwealth Transportation Board (CTB), but the
 487 Authority, VDOT and CTB shall consult with one another to avoid duplication of efforts and, at the
 488 option of the Authority, may combine efforts to complete specific projects. Notwithstanding the
 489 foregoing, at the request of the Authority, VDOT may provide the Authority with engineering services or
 490 right-of-way acquisition for the project with its own forces. When determining what projects to construct

 494 Authority.

 496 localities embraced by the Authority, with each locality's total long-term benefits being approximately
 497 equal to the total of the fees and taxes received by the Authority that are generated by or attributable to
 498 the locality divided by the total of such fees and taxes received by the Authority.

499 D. For road construction and improvements pursuant to subsection B, the Department of

 506 mutatis mutandis, to the issuance of such bonds or other debt. *The Authority may issue bonds or other*
 507 *debt in such amounts as it deems appropriate. The bonds may be supported by any funds available*
 508 *except that funds from tolls collected pursuant to subdivision 7 of § 15.2-4840 shall be used only as*
 509 *provided in that subdivision.*

510 § 15.2-4840. Other duties and responsibilities of Authority.

511 In addition to other powers herein granted, the Authority shall have the following duties and

 528 *facility's traffic capacity, with the amount of any tolls variable by time of day, day of the week, vehicle*
 529 *size or type, number of axles, or other factors as the Authority may deem proper, and with all such tolls*
 530 *to be used for programs and projects that are reasonably related to or benefit the users of the*

659 transportation needs in a Statewide Transportation Plan setting forth an inventory of all construction

665 development and all transportation modes and promote economic development, intermodal connectivity,
666 environmental quality, accessibility for people and freight, and transportation safety. The plan shall

667 *include quantifiable measures and achievable goals relating to, but not limited to, congestion reduction*

 672 *Transportation Authority and the Hampton Roads Transportation Authority. Each such plan shall be*
 673 *summarized in a public document and made available to the general public upon presentation to the*
 674 *Governor and General Assembly.*

675 It is the intent of the General Assembly that this plan assess transportation needs and assign priorities
 676 to projects on a statewide basis, avoiding the production of a plan which is an aggregation of local,
 677 district, regional, or modal plans.

678 § 33.1-23.03:8. Priority Transportation Fund established.

679 A. There is hereby created in the state treasury a special nonreverting fund to be known as the
 680 Priority Transportation Fund, hereafter referred to as "the Fund." The Fund shall be established on the
 681 books of the Comptroller. Interest earned on moneys in the Fund shall remain in the Fund and be
 682 credited to it. All funds as may be designated in the appropriation act for deposit to the Fund shall be
 683 paid into the state treasury and credited to the Fund. Such funds shall include:

684 1. A portion of the moneys actually collected, including penalty and interest, attributable to any
 685 increase in revenues from the taxes imposed under Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1, with
 686 such increase being calculated as the difference between such tax revenues collected in the manner
 687 prescribed under Chapter 22 less such tax revenues that would have been collected using the prescribed
 688 manner in effect *immediately* before the effective date of Chapter 22, *computed without regard to*
 689 *increases in the rates of taxes under Chapter 22 pursuant to enactments of the 2007 Session of the*
 690 *General Assembly.* The portion to be deposited to the Fund shall be the moneys actually collected from
 691 such increase in revenues and allocated for highway and mass transit improvement projects as set forth
 692 in § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and
 693 the Commonwealth Airport Fund under such section. There shall also be deposited into the Fund all
 694 additional federal revenues attributable to Chapter 22 (§ 58.1-2200 et seq.) of Title 58.1; ~~and~~

695 2. Beginning with the fiscal year ending June 30, 2000, and for fiscal years thereafter, all revenues

 697 Fund and (ii) the allocation to highway and mass transit improvement projects as set forth in
 698 § 33.1-23.03:2, but not including any amounts that are allocated to the Commonwealth Port Fund and
 699 the Commonwealth Airport Fund under such section; ~~and~~

700 3. *All revenues deposited into the Fund pursuant to § 58.1-2531; and*

701 3 4. Any other such funds as may be transferred, allocated, or appropriated.

 703 *which the Fund is expressly required for making debt service payments, to the extent needed.* The Fund
 704 shall be considered a part of the Transportation Trust Fund. Any moneys remaining in the Fund,
 705 including interest thereon, at the end of each fiscal year shall not revert to the general fund but shall
 706 remain in the Fund. Moneys in the Fund shall be used solely for the purposes enumerated in subsection
 707 B of this section. Expenditures and disbursements from the Fund shall be made by the State Treasurer
 708 on warrants issued by the Comptroller.

709 B. The Commonwealth Transportation Board shall use the Fund to facilitate the financing of priority
 710 transportation projects throughout the Commonwealth. The Board may use the Fund either (i) by
 711 expending amounts therein on such projects directly, (ii) by payment to any authority, locality,
 712 commission or other entity for the purpose of paying the costs thereof, or (iii) by using such amounts to
 713 support, secure, or leverage financing for such projects. No expenditures from or other use of amounts
 714 in the Fund shall be considered in allocating highway maintenance and construction funds under
 715 § 33.1-23.1 or apportioning Transportation Trust Fund funds under § 58.1-638, but shall be in addition
 716 thereto. The Board shall use the Fund to facilitate the financing of priority transportation projects as
 717 designated by the General Assembly; provided, however, that, at the discretion of the Commonwealth
 718 Transportation Board, funds allocated to projects within a transportation district may be allocated among
 719 projects within the same transportation district as needed to meet construction cash-flow needs.

720 C. *Notwithstanding any other provision of this section, beginning July 1, 2007, no bonds, obligations,*
 721 *or other evidences of debt (the bonds) that expressly require as a source for debt service payments or*
 722 *for the repayment of such bonds the revenues of the Fund, shall be issued or entered into unless at the*
 723 *time of the issuance the revenues then in the Fund or reasonably anticipated to be deposited into the*
 724 *Fund pursuant to the law then in effect are by themselves sufficient to make 100% of the contractually*
 725 *required debt service payments on all such bonds, including any interest related thereto and the*
 726 *retirement of such bonds.*

727 § 33.1-23.4:01. Allocation of Proceeds of Commonwealth of Virginia Transportation Capital Projects

728 Revenue Bonds.

729 The Commonwealth Transportation Board shall allocate, use, and distribute the proceeds of any
730 bonds it is authorized to issue on or after July 1, 2007, pursuant to subdivision 4f of § 33.1-269, as
731 follows:

732 1. A minimum of 20% of the bond proceeds shall be used for transit capital consistent with
733 subdivision A 4 g of § 58.1-638.

734 2. A minimum of 4.3% of the bond proceeds shall be used for rail capital consistent with the
735 provisions of §§ 33.1-221.1:1.1 and 33.1-221.1:1.2.

736 3. The remaining amount of bond proceeds shall be used for paying the costs incurred or to be
737 incurred for construction of transportation projects with such bond proceeds used or allocated as
738 follows: (a) first, to match federal highway funds projected to be made available and allocated to
739 highway and public transportation capital projects by the Commonwealth Transportation Board, for
740 purposes of allowing additional state construction funds to be allocated to the primary, urban, and
741 secondary systems of highways pursuant to subdivisions B 1, B 2, and B 3 of § 33.1-23.1; (b) next, to
742 provide any required funding to fulfill the Commonwealth's allocation of equivalent revenue sharing
743 matching funds pursuant to § 33.1-23.05; and (c) third, to pay or fund the costs of statewide or regional
744 projects throughout the Commonwealth. Costs incurred or to be incurred for construction or funding of
745 these transportation projects shall include, but are not limited to, environmental and engineering studies,
746 rights-of-way acquisition, improvements to all modes of transportation, acquisition, construction and
747 related improvements, and any financing costs or other financing expenses relating to such bonds. Such
748 costs may include the payment of interest on such bonds for a period during construction and not
749 exceeding one year after completion of construction of the relevant project.

750 4. The total amount of bonds authorized shall be used for purposes of applying the percentages in
751 subdivisions 1 through 3.

752 § 33.1-223.2:12. Tolls may vary to encourage travel during off-peak hours.

753 A. In order to provide an incentive for motorists to travel at off-peak hours, and in accordance with
754 federal requirements, wherever a toll is imposed and collected by the Department or such other entity as
755 may be responsible for imposing or collecting such toll, the amount of such toll may vary according to
756 the time of day, day of the week, traffic volume, vehicle speed, vehicle type, ~~or any or all of these~~
757 similar variables, or combinations thereof. The amount of such toll and the time of day when such toll
758 shall change shall be as fixed and revised by the Commonwealth Transportation Board or such other
759 entity as may be responsible for fixing or revising the amount of such toll; provided, however, that any
760 such variation shall be reasonably calculated to minimize the reduction in toll revenue generated by such
761 toll.

762 B. 1. Beginning July 1, 2008, every agency of the Commonwealth or any political subdivision or
763 instrumentality thereof having control of or day-to-day responsibility for the operation of any toll facility
764 in the Commonwealth shall take all necessary actions to ensure that every newly constructed toll facility
765 under its control is capable of fully automated electronic operation, employing technologies and
766 procedures that permit the collection of tolls from users of the facility, to the extent possible, without
767 impeding the traffic flow of the facility. An entity operating a toll facility that substantially upgrades its
768 equipment or substantially renovates its facility after July 1, 2008, shall comply with the provisions of
769 this subsection. The provisions of this section shall also apply to any nongovernmental or
770 quasigovernmental entity operating a toll facility under a comprehensive agreement entered into,
771 pursuant to the Public-Private Transportation Act of 1995 (§ 56-556 et seq.), on or after January 1,
772 2008. Nothing in this subsection shall be construed to prohibit a toll facility from retaining means of
773 nonautomated toll collection in some lanes of the facility.

774 2. For toll facilities within the territory embraced by the Northern Virginia Transportation Authority,
775 the provisions of subdivision 1 apply to all toll facilities, regardless of whether or not they are newly
776 constructed or substantially upgraded.

1005 revenues under this article, from bond proceeds or earnings thereon and from any other available sources
1006 of funds and that the faith and credit of the Commonwealth are not pledged to the payment of the
1007 principal or interest of such bonds. The issuance of such revenue bonds under the provisions of this
1008 article shall not directly or indirectly or contingently obligate the Commonwealth to levy or to pledge
1009 any form of taxation whatever therefor or to make any appropriation for their payment, other than

1028 their payment, other than to appropriate available funds derived as revenues under this article from the
1029 sources set forth in clauses (i) and (iii) hereof. Nothing in this article shall be construed to obligate the

1031 payment of such bonds.

1032 C. Commonwealth of Virginia Transportation Revenue Bonds issued under the provisions of this

 1065 appropriation by the General Assembly, (i) first from any federal highway reimbursements and any other
 1066 federal highway assistance received from time to time by the Commonwealth, (ii) then, at the discretion
 1067 of the Board, to the extent required, from legally available revenues of the Transportation Trust Fund,
 1068 and (iii) then, from such other funds, if any, which are designated by the General Assembly for such

1084 CHAPTER 10.2.

1085 HAMPTON ROADS TRANSPORTATION AUTHORITY.

1086 § 33.1-391.6. Short Title.

1087 This chapter shall be known and may be cited as the Hampton Roads Transportation Authority Act.

1088 § 33.1-391.7. Authority created.

1089 The Hampton Roads Transportation Authority, hereinafter in this chapter known as "the Authority" is
 1090 hereby created as a body politic and as a political subdivision of the Commonwealth. The Authority
 1091 shall embrace the Counties of Isle of Wight, James City, and York and the Cities of Chesapeake,
 1092 Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach, and Williamsburg.
 1093 The membership of the Authority shall be as provided in §§ 33.1-391.9 and 33.1-391.12. In addition, the

1094 Counties of Accomack and Northampton shall also be embraced by the Authority at such time that the
 1095 Chesapeake Bay Bridge-Tunnel facilities become subject to the control of the Authority as provided
 1096 under § 33.1-391.12.

1097 § 33.1-391.8. Powers of the Authority.

1098 Notwithstanding any contrary provision of this title and in accordance with all applicable federal
 1099 statutes and requirements, the Authority shall control and operate and may impose and collect tolls in
 1100 amounts established by the Authority for the use of any new or improved highway, bridge, tunnel, or
 1101 transportation facility to increase capacity on such facility (including new construction relating to, or
 1102 improvements to, the bridges, tunnels, roadways, and related facilities known collectively as the
 1103 Chesapeake Bay Bridge-Tunnel as described in § 33.1-391.12, pursuant to the conditions set forth in
 1104 such section) constructed by the Authority or solely with revenues of the Authority or revenues under the
 1105 control of the Authority. The amount of any such toll may be varied from facility to facility, by lane, by
 1106 congestion levels, by day of the week, time of day, type of vehicle, number of axles, or any similar
 1107 combination thereof, and a reduced rate may be established for commuters as defined by the Authority.

1108 For purposes of this section, the Midtown and Downtown tunnels located within the Cities of Norfolk
 1109 and Portsmouth shall be considered a single transportation facility and both facilities may be tolled if
 1110 improvements are made to either tunnel. Any tolls imposed by the Authority shall be collected by an
 1111 electronic toll system that, to the extent possible, shall not impede the traffic flow of the facility or
 1112 prohibit a toll facility from retaining means of nonautomated toll collection in some lanes of the
 1113 facility. For all facilities tolled by the Authority, there shall be signs erected prior to the point of toll
 1114 collection that clearly state how the majority of the toll revenue is being spent by the Authority to
 1115 benefit the users of the facility.

1116 § 33.1-391.9. Composition of Authority; chairman and vice-chairman; quorum.

1117 The Authority shall consist of the following members: (i) the chief elected officer of the governing
 1118 body (or in the discretion of the chief elected officer, his designee, who shall be a current elected officer
 1119 of such governing body) of each of the Counties of Isle of Wight, James City, and York and the Cities of
 1120 Chesapeake, Hampton, Newport News, Norfolk, Poquoson, Portsmouth, Suffolk, Virginia Beach, and
 1121 Williamsburg, who shall serve with voting privileges; (ii) a member of the Commonwealth

 1128 city or county, appointed by the Speaker of the House of Delegates, who shall serve ex officio without a
 1129 vote; and (vi) one member of the Senate of Virginia who shall reside in a city or county whose
 1130 governing body has a voting member on the Authority, appointed by the Senate Committee on Rules
 1131 who shall serve ex officio without a vote. Legislative members shall serve terms coincident with their
 1132 terms of office. Vacancies shall be filled by appointment for the unexpired term by the same process as
 1133 used to make the original appointment.

1134 The Authority shall appoint a chairman and vice-chairman from among its voting membership.

1135 A majority of the voting members of the Authority shall constitute a quorum for the transaction of
 1136 business.

1137 Decisions of the Authority shall require a quorum and shall be in accordance with voting procedures
 1138 established by the Authority. Decisions of the Authority shall require the affirmative vote of a majority
 1139 of the voting members of the Authority present and voting and such members present and voting in the
 1140 affirmative shall be representatives of counties and cities that collectively include at least 51% of the
 1141 population embraced by the Authority at the time of the vote. The population of counties and cities
 1142 embraced by the Authority shall be the population as determined by the most recently preceding
 1143 decennial census, except that after July 1 of the fifth year following such census, the population of each
 1144 county and city shall be adjusted, based on final population estimates made by the Weldon Cooper
 1145 Center for Public Service of the University of Virginia.

1146 Members of the Authority shall be reimbursed for their actual and necessary expenses incurred in
 1147 the performance of their duties and, in addition, shall be paid a per diem equal to the amount paid
 1148 members of the Commonwealth Transportation Board for each day or portion thereof during which they
 1149 are engaged in the official business of the Authority.

1150 The Auditor of Public Accounts, or his legally authorized representatives, shall annually audit the
 1151 financial accounts of the Authority, and the cost of such audit shall be borne by the Authority.

 1163 chapter, deemed expedient for the management of the Authority's affairs;

 1169 such land or interest for purposes consistent with this chapter;
- 1170 7. To acquire by purchase, lease, contract, or otherwise, highways, bridges, tunnels, railroads,
 1171 rolling stock, and transit and rail facilities and other transportation-related facilities; and to construct

 1189 time that the Chesapeake Bay Bridge-Tunnel facilities become subject to the control of the Authority as
 1190 provided under § 33.1-391.12; and
- 1191 14. To the extent not inconsistent with the other provisions of this chapter, and without limiting or
 1192 restricting the powers otherwise given the Authority, to exercise all of the powers given to
 1193 transportation district commissions by §§ 15.2-4518 and 15.2-4519. The Authority shall only undertake
 1194 those transportation projects that are included in the federally mandated 2030 Regional Transportation

 1301 the person assessed the fee shall submit the second annual payment to the Commissioner within 14
 1302 calendar months of the date of conviction and the third annual payment within 26 months of the date of
 1303 conviction. The Commissioner, or his designee, shall establish guidelines, policies, or procedures to
 1304 notify every person assessed a fee pursuant to subsection C of the second and the third annual
 1305 payments. If the person fails to make such payment, the Commissioner shall suspend his driver's license
 1306 or privilege to operate a motor vehicle in Virginia. No license shall be reissued or reinstated until all
 1307 fees assessed pursuant to this section have been paid and all other reinstatement requirements as
 1308 provided in this title have been satisfied.

1309 G. In addition to any fees set forth in subsection C, any person whose driver's record with the
 1310 Department shows a balance of eight or more driver demerit points on July 15 shall be assessed a fee
 1311 of \$100 plus \$75 for each demerit point in excess of eight, but not greater than \$700, provided that
 1312 only those demerit points attributable to offenses which occurred on or after July 1, 2007 shall be used
 1313 to calculate and assess such fees.

1314 H. The Commissioner, or his designee, shall assess the fees set forth in subsection G annually,
 1315 beginning on July 15, 2007.

1316 I. The Commissioner, or his designee, shall establish guidelines, policies, or procedures to notify
 1317 every person assessed a fee pursuant to subsection G. If any assessment made under subsection G
 1318 remains unpaid 60 days following the date on which the notice of assessment was mailed, the
 1319 Commissioner shall suspend the driver's license or privilege to drive a motor vehicle in Virginia of the
 1320 person against whom the assessment was imposed. No license shall be reissued or reinstated until all
 1321 fees assessed pursuant to this section have been paid and all other reinstatement requirements as
 1322 provided in this title have been satisfied.

1323 J. In the event that a person disputes a conviction on his driver's record based upon identity, if the
 1324 person presents the Department a certified copy of a petition to a court of competent jurisdiction
 1325 seeking to vacate an order of such conviction, the Department shall suspend the imposition of the
 1326 assessment. Such suspension shall be valid for one year from the date of the commencement or until 30
 1327 days after an entry of a final order on such petition, whichever occurs first.

1328 K. Funds collected through the imposition of the fees as provided for in this section shall be used to
 1329 pay the Department's cost in imposing and collecting such assessments as provided in the general

 1331 Fund.

1332 § 46.2-694. Fees for vehicles designed and used for transportation of passengers; weights used for
 1333 computing fees; burden of proof.

1334 A. The annual registration fees for motor vehicles, trailers, and semitrailers designed and used for the
 1335 transportation of passengers on the highways in the Commonwealth are:

1336 1. ~~Twenty-three~~ Thirty-three dollars for each private passenger car or motor home if the passenger
 1337 car or motor home weighs 4,000 pounds or less, provided that it is not used for the transportation of

1338 passengers for compensation and is not kept or used for rent or for hire, or is not operated under a lease
1339 without a chauffeur.

1340 2. ~~Twenty-eight~~ *Thirty-eight* dollars for each passenger car or motor home which weighs more than
1341 4,000 pounds, provided that it is not used for the transportation of passengers for compensation and is
1342 not kept or used for rent or for hire, or is not operated under a lease without a chauffeur.

1343 3. Thirty cents per 100 pounds or major fraction thereof for a private motor vehicle other than a
1344 motorcycle with a normal seating capacity of more than 10 adults including the driver if the private
1345 motor vehicle is not used for the transportation of passengers for compensation and is not kept or used
1346 for rent or for hire or is not operated under a lease without a chauffeur. In no case shall the fee be less
1347 than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000
1348 pounds.

1349 4. Thirty cents per 100 pounds or major fraction thereof for a school bus. In no case shall the fee be
1350 less than \$23 if the vehicle weighs 4,000 pounds or less or \$28 if the vehicle weighs more than 4,000
1351 pounds.

1352 5. Twenty-three dollars for each trailer or semitrailer designed for use as living quarters for human
1353 beings.

1354 6. Thirteen dollars plus \$ 0.30 per 100 pounds or major fraction thereof for each motor vehicle,
1355 trailer, or semitrailer used as a common carrier of passengers, operating either intrastate or interstate.
1356 Interstate common carriers of interstate passengers may elect to be licensed and pay the fees prescribed
1357 in subdivision 7 of this subsection on submission to the Commissioner of a declaration of operations and
1358 equipment as he may prescribe. An additional \$5 shall be charged if the motor vehicle weighs more
1359 than 4,000 pounds.

1360 7. Thirteen dollars plus \$ 0.70 per 100 pounds or major fraction thereof for each motor vehicle,
1361 trailer, or semitrailer used as a common carrier of interstate passengers if election is made to be licensed
1362 under this subsection. An additional \$5 shall be charged if the motor vehicle weighs more than 4,000
1363 pounds. In lieu of the foregoing fee of \$ 0.70 per 100 pounds, a motor carrier of passengers, operating
1364 two or more vehicles both within and outside the Commonwealth and registered for insurance purposes
1365 with the Surface Transportation Board of the United States Department of Transportation, Federal
1366 Highway Administration, may apply to the Commissioner for prorated registration. Upon the filing of
1367 such application, in such form as the Commissioner may prescribe, the Commissioner shall apportion the
1368 registration fees provided in this subsection so that the total registration fees to be paid for such vehicles
1369 of such carrier shall be that proportion of the total fees, if there were no apportionment, that the total
1370 number of miles traveled by such vehicles of such carrier within the Commonwealth bears to the total
1371 number of miles traveled by such vehicles within and outside the Commonwealth. Such total mileage in
1372 each instance is the estimated total mileage to be traveled by such vehicles during the license year for
1373 which such fees are paid, subject to the adjustment in accordance with an audit to be made by
1374 representatives of the Commissioner at the end of such license year, the expense of such audit to be
1375 borne by the carrier being audited. Each vehicle passing into or through Virginia shall be registered and
1376 licensed in Virginia and the annual registration fee to be paid for each such vehicle shall not be less
1377 than \$33. For the purpose of determining such apportioned registration fees, only those motor vehicles,
1378 trailers, or semitrailers operated both within and outside the Commonwealth shall be subject to inclusion
1379 in determining the apportionment provided for herein.

1380 8. Thirteen dollars plus \$ 0.80 per 100 pounds or major fraction thereof for each motor vehicle,
1381 trailer or semitrailer kept or used for rent or for hire or operated under a lease without a chauffeur for
1382 the transportation of passengers. An additional fee of \$5 shall be charged if the vehicle weighs more
1383 than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

1384 9. Twenty-three dollars for a taxicab or other vehicle which is kept for rent or hire operated with a
1385 chauffeur for the transportation of passengers, and which operates or should operate under permits issued
1386 by the Department as required by law. An additional fee of \$5 shall be charged if the vehicle weighs
1387 more than 4,000 pounds. This subsection does not apply to vehicles used as common carriers.

1388 10. Eighteen dollars for a motorcycle, with or without a sidecar. To this fee shall be added a
1389 surcharge of \$3 which shall be distributed as provided in § 46.2-1191.

1390 11. Twenty-three dollars for a bus used exclusively for transportation to and from church school, for
1391 the purpose of religious instruction, or church, for the purpose of divine worship. If the empty weight of
1392 the vehicle exceeds 4,000 pounds, the fee shall be \$28.

1393 12. Thirteen dollars plus \$ 0.70 per 100 pounds or major fraction thereof for other passenger-carrying
1394 vehicles.

1395 13. An additional fee of \$4 per year shall be charged and collected at the time of registration of each
1396 pickup or panel truck and each motor vehicle under subdivisions 1 through 12 of this subsection. All
1397 funds collected pursuant to this subdivision shall be paid into the state treasury and shall be set aside as
1398 a special fund to be used only for emergency medical service purposes. The moneys in the special fund

1399 shall be distributed as follows:

1400 a. Two percent shall be distributed to the State Department of Health to provide funding to the
 1401 Virginia Association of Volunteer Rescue Squads to be used solely for the purpose of conducting
 1402 volunteer recruitment, retention and training activities;

1403 b. Thirty percent shall be distributed to the State Department of Health to support (i) emergency
 1404 medical services training programs (excluding advanced life support classes); (ii) advanced life support
 1405 training; (iii) recruitment and retention programs (all funds for such support shall be used to recruit and
 1406 retain volunteer emergency medical services personnel only, including public awareness campaigns,
 1407 technical assistance programs, and similar activities); (iv) emergency medical services system
 1408 development, initiatives, and priorities based on needs identified by the State Emergency Medical
 1409 Services Advisory Board; (v) local, regional, and statewide performance contracts for emergency medical
 1410 services to meet the objectives stipulated in § 32.1-111.3; (vi) technology and radio communication
 1411 enhancements; and (vii) improved emergency preparedness and response. Any funds set aside for
 1412 distribution under this provision and remaining undistributed at the end of any fiscal year shall revert to
 1413 the Rescue Squad Assistance Fund;

1414 c. Thirty-two percent shall be distributed to the Rescue Squad Assistance Fund;

1415 d. Ten percent shall be available to the State Department of Health's Office of Emergency Medical
 1416 Services for use in emergency medical services; and

1417 e. Twenty-six percent shall be returned by the Comptroller to the locality wherein such vehicle is
 1418 registered, to provide funding for training of volunteer or salaried emergency medical service personnel
 1419 of licensed, nonprofit emergency medical services agencies and for the purchase of necessary equipment
 1420 and supplies for use in such locality for licensed, nonprofit emergency medical and rescue services.

1421 The Comptroller shall clearly designate on the warrant, check, or other means of transmitting these
 1422 funds that such moneys are only to be used for purposes set forth in this subdivision. Such funds shall
 1423 be in addition to any local appropriations and local governing bodies shall not use these funds to
 1424 supplant local funds. Each local governing body shall report annually to the Board of Health on the use
 1425 of the funds returned to it pursuant to this section. In any case in which the local governing body grants
 1426 the funds to a regional emergency medical services council to be distributed to the licensed, nonprofit
 1427 emergency medical and rescue services, the local governing body shall remain responsible for the proper
 1428 use of the funds. If, at the end of any fiscal year, a report on the use of the funds returned to the
 1429 locality pursuant to this section for that year has not been received from a local governing body, any
 1430 funds due to that local governing body for the next fiscal year shall be retained until such time as the
 1431 report has been submitted to the Board.

1432 B. All motor vehicles, trailers, and semitrailers registered as provided in subsection B of § 46.2-646
 1433 shall pay a registration fee equal to one-twelfth of all fees required by subsection A of this section or
 1434 § 46.2-697 for such motor vehicle, trailer, or semitrailer, computed to the nearest cent, multiplied by the
 1435 number of months in the registration period for such motor vehicles, trailers, and semitrailers.

1436 C. The manufacturer's shipping weight or scale weight shall be used for computing all fees required
 1437 by this section to be based upon the weight of the vehicle.

1438 D. The applicant for registration bears the burden of proof that the vehicle for which registration is
 1439 sought is entitled by weight, design, and use to be registered at the fee tendered by the applicant to the
 1440 Commissioner or to his authorized agent.

1441 § 46.2-694.1. Fees for trailers and semitrailers not designed and used for transportation of passengers.

1442 Unless otherwise specified in this title, the registration fees for trailers and semitrailers not designed
 1443 and used for the transportation of passengers on the highways in the Commonwealth shall be as follows:

 1451 title: (i) from each one-year registration fee, one dollar and fifty cents; (ii) from each two-year

 1455 designed and used for the transportation of passengers shall be ~~thirteen dollars~~ \$23 plus an amount

 1457 loaded to the maximum capacity for which it is registered and licensed, according to the schedule of
 1458 fees set forth in this section. For each 1,000 pounds of gross weight, or major fraction thereof, for
 1459 which any such vehicle is registered, there shall be paid to the Commissioner the fee indicated in the

1460 following schedule immediately opposite the weight group and under the classification established by the
 1461 provisions of subsection B of § 46.2-711 into which such vehicle, or any combination of vehicles of
 1462 which it is a part, falls when loaded to the maximum capacity for which it is registered and licensed.

1625 § 46.2-1167.1. *Additional fee permitted in certain counties and cities.*

1626 *In addition to all other charges and fees permitted by law, the Hampton Roads Transportation*
 1627 *Authority and the Northern Virginia Transportation Authority are authorized to charge an additional fee*
 1628 *at the time of inspection in the amount of \$10 for all vehicles for which an amount is permitted to be*
 1629 *charged for inspection pursuant to § 46.2-1167 in the area embraced by the respective Authority and*
 1630 *which shall be transmitted to the respective Authority.*

1631 § 58.1-605. To what extent and under what conditions cities and counties may levy local sales taxes;
 1632 collection thereof by Commonwealth and return of revenue to each city or county entitled thereto.

1633 A. No county, city or town shall impose any local general sales or use tax or any local general retail
 1634 sales or use tax except as authorized by this section.

1635 B. The council of any city and the governing body of any county may levy a general retail sales tax
 1636 at the rate of one percent to provide revenue for the general fund of such city or county. Such tax shall

1637 be added to the rate of the state sales tax imposed by §§ 58.1-603 and 58.1-604 and shall be subject to
1638 all the provisions of this chapter and the rules and regulations published with respect thereto. No
1639 discount under § 58.1-622 shall be allowed on a local sales tax.

1640 C. The council of any city and the governing body of any county desiring to impose a local sales tax
1641 under this section may do so by the adoption of an ordinance stating its purpose and referring to this
1642 section, and providing that such ordinance shall be effective on the first day of a month at least 60 days
1643 after its adoption. A certified copy of such ordinance shall be forwarded to the Tax Commissioner so
1644 that it will be received within five days after its adoption.

1645 D. Any local sales tax levied under this section shall be administered and collected by the Tax
1646 Commissioner in the same manner and subject to the same penalties as provided for the state sales tax.

1647 E. All local sales tax moneys collected by the Tax Commissioner under this section shall be paid
1648 into the state treasury to the credit of a special fund which is hereby created on the Comptroller's books
1649 under the name "Collections of Local Sales Taxes." Such local sales tax moneys shall be credited to the
1650 account of each particular city or county levying a local sales tax under this section. The basis of such
1651 credit shall be the city or county in which the sales were made as shown by the records of the
1652 Department and certified by it monthly to the Comptroller, namely, the city or county of location of
1653 each place of business of every dealer paying the tax to the Commonwealth without regard to the city or
1654 county of possible use by the purchasers. If a dealer has any place of business located in more than one
1655 political subdivision by reason of the boundary line or lines passing through such place of business, the
1656 amount of sales tax paid by such a dealer with respect to such place of business shall be treated for the
1657 purposes of this section as follows: one-half shall be assignable to each political subdivision where two
1658 are involved, one-third where three are involved, and one-fourth where four are involved.

1659 F. As soon as practicable after the local sales tax moneys have been paid into the state treasury in
1660 any month for the preceding month, the Comptroller shall draw his warrant on the Treasurer of Virginia
1661 in the proper amount in favor of each city or county entitled to the monthly return of its local sales tax
1662 moneys, and such payments shall be charged to the account of each such city or county under the
1663 special fund created by this section. If errors are made in any such payment, or adjustments are
1664 otherwise necessary, whether attributable to refunds to taxpayers, or to some other fact, the errors shall
1665 be corrected and adjustments made in the payments for the next six months as follows: one-sixth of the
1666 total adjustment shall be included in the payments for the next six months. In addition, the payment
1667 shall include a refund of amounts erroneously not paid to the city or county and not previously refunded
1668 during the three years preceding the discovery of the error. A correction and adjustment in payments
1669 described in this subsection due to the misallocation of funds by the dealer shall be made within three
1670 years of the date of the payment error.

1671 G. Such payments to counties are subject to the qualification that in any county wherein is situated
1672 any incorporated town constituting a special school district and operated as a separate school district
1673 under a town school board of three members appointed by the town council, the county treasurer shall
1674 pay into the town treasury for general governmental purposes the proper proportionate amount received
1675 by him in the ratio that the school age population of such town bears to the school age population of
1676 the entire county. If the school age population of any town constituting a separate school district is
1677 increased by the annexation of territory since the last preceding school age population census, such
1678 increase shall, for the purposes of this section, be added to the school age population of such town as
1679 shown by the last such census and a proper reduction made in the school age population of the county
1680 or counties from which the annexed territory was acquired.

1681 H. One-half of such payments to counties are subject to the further qualification, other than as set
1682 out in subsection G above, that in any county wherein is situated any incorporated town not constituting
1683 a separate special school district which has complied with its charter provisions providing for the
1684 election of its council and mayor for a period of at least four years immediately prior to the adoption of
1685 the sales tax ordinance, the county treasurer shall pay into the town treasury of each such town for
1686 general governmental purposes the proper proportionate amount received by him in the ratio that the
1687 school age population of each such town bears to the school age population of the entire county, based
1688 on the latest statewide school census. The preceding requirement pertaining to the time interval between
1689 compliance with election provisions and adoption of the sales tax ordinance shall not apply to a tier-city.
1690 If the school age population of any such town not constituting a separate special school district is
1691 increased by the annexation of territory or otherwise since the last preceding school age population
1692 census, such increase shall, for the purposes of this section, be added to the school age population of
1693 such town as shown by the last such census and a proper reduction made in the school age population
1694 of the county or counties from which the annexed territory was acquired.

1695 I. Notwithstanding the provisions of subsection H, the board of supervisors of a county may, in its
1696 discretion, appropriate funds to any incorporated town not constituting a separate school district within
1697 such county which has not complied with the provisions of its charter relating to the elections of its

1698 council and mayor, an amount not to exceed the amount it would have received from the tax imposed
1699 by this chapter if such election had been held.

1700 J. It is further provided that if any incorporated town which would otherwise be eligible to receive
1701 funds from the county treasurer under subsection G or H of this section be located in a county which
1702 does not levy a general retail sales tax under the provisions of this law, such town may levy a general
1703 retail sales tax at the rate of one percent to provide revenue for the general fund of the town, subject to
1704 all the provisions of this section generally applicable to cities and counties. Any tax levied under the
1705 authority of this subsection shall in no case continue to be levied on or after the effective date of a
1706 county ordinance imposing a general retail sales tax in the county within which such town is located.

1707 K. 1. *Notwithstanding the other provisions of this chapter, the Hampton Roads Transportation*
1708 *Authority and the Northern Virginia Transportation Authority may impose a retail sales tax at the rate*
1709 *of 5% on (i) charges for separately stated labor or services in the repair of motor vehicles and (ii)*
1710 *charges for the repair of a motor vehicle in cases in which the true object of the repair is a service*
1711 *provided within a city or county embraced by the respective Authority.*

1712 2. *The revenue generated and collected pursuant to the tax authorized under this subsection, less the*
1713 *applicable portion of any refunds to taxpayers and after subtraction of the direct costs of administration*
1714 *by the Department, shall be deposited and held in a special trust fund under the control of the State*
1715 *Treasurer entitled "Special Sales and Use Tax Motor Vehicle Repair Fund." The State Treasurer on a*
1716 *monthly basis shall distribute the amounts deposited in the special trust fund to the Hampton Roads*
1717 *Transportation Authority or the Northern Virginia Transportation Authority as appropriate.*

1718 3. *No discount under § 58.1-622 shall be allowed for the tax described under this subsection. Except*
1719 *as otherwise provided herein, the tax under this subsection shall be administered and collected in the*
1720 *same manner and subject to the same penalties as provided for the local retail sales tax.*

1721 § 58.1-606. To what extent and under what conditions cities and counties may levy local use tax;
1722 collection thereof by Commonwealth and return of revenues to the cities and counties.

1723 A. The council of any city and the governing body of any county which has levied or may hereafter
1724 levy a city or county sales tax under § 58.1-605 may levy a city or county use tax at the rate of one
1725 percent to provide revenue for the general fund of such city or county. Such tax shall be added to the
1726 rate of the state use tax imposed by this chapter and shall be subject to all the provisions of this chapter,
1727 and all amendments thereof, and the rules and regulations published with respect thereto, except that no
1728 discount under § 58.1-622 shall be allowed on a local use tax.

1729 B. The council of any city and the governing body of any county desiring to impose a local use tax
1730 under this section may do so in the manner following:

1731 1. If the city or county has previously imposed the local sales tax authorized by § 58.1-605, the local
1732 use tax may be imposed by the council or governing body by the adoption of a resolution by a majority
1733 of all the members thereof, by a recorded yea and nay vote, stating its purpose and referring to this
1734 section, and providing that the local use tax shall become effective on the first day of a month at least
1735 60 days after the adoption of the resolution. A certified copy of such resolution shall be forwarded to
1736 the Tax Commissioner so that it will be received within five days after its adoption. The resolution
1737 authorized by this paragraph may be adopted in the manner stated notwithstanding any other provision
1738 of law, including any charter provision.

1739 2. If the city or county has not imposed the local sales tax authorized by § 58.1-605, the local use
1740 tax may be imposed by ordinance together with the local sales tax in the manner set out in subsections
1741 B and C of § 58.1-605.

1742 C. Any local use tax levied under this section shall be administered and collected by the Tax
1743 Commissioner in the same manner and subject to the same penalties as provided for the state use tax.

1744 D. The local use tax authorized by this section shall not apply to transactions to which the sales tax
1745 applies, the situs of which for state and local sales tax purposes is the city or county of location of each
1746 place of business of every dealer paying the tax to the Commonwealth without regard to the city or
1747 county of possible use by the purchasers. However, the local use tax authorized by this section shall
1748 apply to tangible personal property purchased without this Commonwealth for use or consumption
1749 within the city or county imposing the local use tax, or stored within the city or county for use or
1750 consumption, where the property would have been subject to the sales tax if it had been purchased
1751 within this Commonwealth. The local use tax shall also apply to leases or rentals of tangible personal
1752 property where the place of business of the lessor is without this Commonwealth and such leases or
1753 rentals are subject to the state tax. Moreover, the local use tax shall apply in all cases in which the state
1754 use tax applies.

1755 E. Out-of-state dealers who hold certificates of registration to collect the use tax from their customers
1756 for remittance to this Commonwealth shall, to the extent reasonably practicable, in filing their monthly
1757 use tax returns with the Tax Commissioner, break down their shipments into this Commonwealth by
1758 cities and counties so as to show the city or county of destination. If, however, the out-of-state dealer is

1759 unable accurately to assign any shipment to a particular city or county, the local use tax on the tangible
1760 personal property involved shall be remitted to the Commonwealth by such dealer without attempting to
1761 assign the shipment to any city or county.

1762 F. Local use tax revenue shall be distributed among the cities and counties for which it is collected,
1763 respectively, as shown by the records of the Department, and the procedure shall be the same as that
1764 prescribed for distribution of local sales tax revenue under § 58.1-605. The local use tax revenue that is
1765 not accurately assignable to a particular city or county shall be distributed monthly by the appropriate
1766 state authorities among the cities and counties in this Commonwealth imposing the local use tax upon
1767 the basis of taxable retail sales in the respective cities and counties in which the local sales and use tax
1768 was in effect in the taxable month involved, as shown by the records of the Department, and computed
1769 with respect to taxable retail sales as reflected by the amounts of the local sales tax revenue distributed
1770 among such cities and counties, respectively, in the month of distribution. Notwithstanding any other
1771 provision of this section, the Tax Commissioner shall develop a uniform method to distribute local use
1772 tax. Any significant changes to the method of local use tax distribution shall be phased in over a
1773 five-year period. Distribution information shall be shared with the affected localities prior to
1774 implementation of the changes.

1775 G. All local use tax revenue shall be used, applied or disbursed by the cities and counties as
1776 provided in § 58.1-605 with respect to local sales tax revenue.

1777 H. 1. *Notwithstanding the other provisions of this chapter, the Hampton Roads Transportation*
1778 *Authority and the Northern Virginia Transportation Authority may impose a retail use tax at the rate of*
1779 *5% on (i) charges for separately stated labor or services for the repair of motor vehicles and (ii)*
1780 *charges for the repair of a motor vehicle in cases in which the true object of the repair is a service*
1781 *provided within a city or county embraced by the respective Authority.*

1782 2. *The revenue generated and collected pursuant to the tax authorized under this subsection, less the*
1783 *applicable portion of any refunds to taxpayers and after subtraction of the direct costs of administration*
1784 *by the Department, shall be deposited and held in a special trust fund under the control of the State*
1785 *Treasurer entitled "Special Sales and Use Tax Motor Vehicle Repair Fund." The State Treasurer on a*
1786 *monthly basis shall distribute the amounts deposited in the special trust fund to the Hampton Roads*
1787 *Transportation Authority or the Northern Virginia Transportation Authority as appropriate.*

1788 3. *No discount under § 58.1-622 shall be allowed for the tax described under this subsection. Except*
1789 *as otherwise provided herein, the tax under this subsection shall be administered and collected in the*
1790 *same manner and subject to the same penalties as provided for the local retail use tax.*

1791 § 58.1-625.1. *Certain dealers required to separately state labor or service charges in the repair of*
1792 *motor vehicles.*

1793 *Any dealer or other person required to collect any tax imposed under this chapter, or pursuant to*
1794 *any authority granted under this chapter, who is located in any county or city embraced by the*
1795 *Northern Virginia Transportation Authority established under § 15.2-4830 or the Hampton Roads*
1796 *Transportation Authority established under § 33.1-391.7, shall separately state on any bill, invoice,*
1797 *ticket, or other billing statement the amount charged by such dealer or person for labor or services*
1798 *performed in the repair of motor vehicles. This section shall apply only in the counties or cities*
1799 *embraced by the Northern Virginia Transportation Authority if the Authority is imposing the taxes*
1800 *authorized pursuant to subsection K of § 58.1-605 and subsection H of § 58.1-606, or in the counties or*
1801 *cities embraced by the Hampton Roads Transportation Authority if the Authority is imposing the taxes*
1802 *authorized pursuant to subsection K of § 58.1-605 and subsection H of § 58.1-606.*

1803 § 58.1-802.1. *Regional congestion relief fee.*

1804 *In addition to any other tax imposed under the provisions of this chapter, the Hampton Roads*
1805 *Transportation Authority established pursuant to § 33.1-391.7 and the Northern Virginia Transportation*
1806 *Authority established pursuant to § 15.2-4830 may impose a fee, delineated as the "Regional congestion*
1807 *relief fee," on each deed, instrument, or writing by which lands, tenements, or other realty located in*
1808 *any county or city embraced by the respective Authority is sold and is granted, assigned, transferred, or*
1809 *otherwise conveyed to or vested in the purchaser or any other person, by such purchaser's direction.*
1810 *The rate of the fee, when the consideration or value of the interest, whichever is greater, equals or*
1811 *exceeds \$100, shall be \$0.40 for each \$100 or fraction thereof, exclusive of the value of any lien or*
1812 *encumbrance remaining thereon at the time of the sale, whether such lien is assumed or the realty is*
1813 *sold subject to such lien or encumbrance.*

1814 *The fee imposed by this section shall be paid by the grantor, or any person who signs on behalf of*
1815 *the grantor, of any deed, instrument, or writing subject to the fee imposed by this section.*

1816 *Fees imposed by this section shall be collected pursuant to subsection B of § 58.1-802. However, the*
